

# ORGANIZING PRINCIPLES FOR WORLD LANGUAGES

SCPS BELIEVES IN ACADEMIC "SUCCESS" FOR ALL WORLD LANGUAGE STUDENTS.

**S**tudents can acquire a second language via comprehensible input.

**U**nderstanding and learning a second language opens students to see the world from a different point of view and increase global awareness.

**C**ross-cultural differences help develop empathy and trust for other cultures.

**C**onnecting with real life situations using authentic materials in the classroom.

**E**very student is provided with opportunities to broaden their horizons.

**S**econd language acquisition encourages global citizenship.

**S**tudent's learning style, cultural background, and interests should be considered to engage all learners.

*We bring people, communities, and cultures together!*
