District School Board of Seminole County
400 E. Lake Mary Blvd.
Sanford, FL 32773-7127

Dear Chairman, School Board Members, and Citizens of Seminole County:

State law requires that all local governments publish, after the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP), and audited in accordance with governmental auditing standards generally accepted in the United States of America. Pursuant to this requirement, we hereby issue the Comprehensive Annual Financial Report (CAFR) of the District School Board of Seminole County, Florida (District) for the fiscal year ended June 30, 2018.

The accompanying report includes all funds of the District, The Seminole School Board Leasing Corporation, Inc. (Leasing Corporation), The Foundation for Seminole County Public Schools, Inc. (Foundation) and the District's four charter schools, Choices in Learning, Inc., Galileo School for Gifted Learning, UCP Seminole Charter School, and Seminole Science Charter School (Charter Schools). The Leasing Corporation was formed by the School Board to be the lessor in connection with financing the acquisition and/or construction of certain educational facilities and is considered to be a blended component unit. The Foundation is a not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds; receive, hold, invest, and administer property; and to make expenditures for the benefit of the District. The Charter Schools are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The Foundation and the Charter Schools are included in aggregate as discretely presented component units.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial

statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The accounting firm of Moore Stephens Lovelace, P.A., has audited the District's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2018, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. Moore Stephens Lovelace, P.A., concluded that there was a reasonable basis for rendering an unmodified opinion that the District's basic financial statements for the fiscal year ended June 30, 2018, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the United States Office of Management and Budget Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. Information related to this single audit, including the schedule of expenditures of federal awards, findings and questioned costs, summary of prior audit findings, and the independent auditor's reports on the system of internal control and on compliance with applicable requirements, are included in the single audit section.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the independent auditor's report.

Profile of the District

The District and its governing board were created pursuant to Article IX, Section 4, of the Constitution of the State of Florida. The District is an independent taxing and reporting entity managed, controlled, operated, administered, and supervised by District school officials in accordance with Chapter 1001, Florida Statutes. The Board consists of four elected officials responsible for the adoption of policies, which govern the operation of District public schools. The appointed Superintendent of Schools (Superintendent) is the executive officer of the Board and is responsible for the administration and management of the schools within the applicable parameters of Florida Statutes, State Board of Education Rules, and School Board policies. The Superintendent is also specifically delegated the responsibility of maintaining a uniform system of records and accounts in the District by State Board of Education Rule 6A-1.001, Florida Administrative Code.

The geographic boundaries of the District are those of Seminole County. During the 2017-18 fiscal year, the District operated 61 K-12 schools, including 37 elementary schools, 12 middle schools, 9 high schools, and 3 specialty schools. In addition, the District sponsors 4 charter schools that are component units of the District. In the 2017-18 fiscal year, the District provided general, special, vocational, and other educational programs to 67,266 unweighted full-time equivalent students. The projected enrollment for the 2018-19 fiscal year is 67,965 unweighted full-time equivalent students. Florida Inventory of School Houses (FISH) has the average age of the District's schools at 26 years old.

The District receives the majority of its operating funds through a State funding formula that is intended to equalize funding received from the State and local property tax between districts within the State. Charter schools operating through a contract with the District are provided with their proportionate share of these funds based upon the number of full-time equivalent students enrolled at the charter school.

Economic Condition and Outlook

Seminole County is part of the Orlando Metropolitan Area along with Orange, Osceola and Lake Counties. According to the U.S. Census Bureau and Florida Office of Economic & Demographic Research, Metro Orlando currently has a population of 2.5 million people and is projected to be 2.6 million in 2020. According to the Orlando Economic Partnership, Seminole County is promoted as being a hotbed for high tech and other industry growth directly on the "I-4 corridor" (an area that roughly runs from St. Petersburg and Tampa through Lakeland, Orlando, Lake Mary, Sanford, and ends in Daytona Beach).

The population of Seminole County is estimated to be 454,757 as of April 1, 2017 an increase of 32,039 (7.58 percent) since April 1, 2010. By most economic and demographic data measures Seminole compares favorably to the State and the nation:

Economic and Demographic Data	Measurement Period	Seminole	Florida	U.S.
Median Household Income	2012-2016	\$ 58,538	\$ 48,900	\$ 55,322
Bachelor's Degree or higher	2012-2016	35.8%	27.9%	30.3%
High School diploma	2012-2016	93.4%	87.2%	87.0%
Total employment percent change	2015-2016	2.0%	5.0%	2.1%
Unemployment Rate (not seasonally adjusted)*	June 2018	3.4%	3.9%	4.2%
Age 65 and older	2016	15.1%	20.1%	15.6%

Source: U.S. Census Bureau and U.S. Department of Labor, Bureau of Labor Statistics

With a business climate that has fostered quality development, Seminole County is home to a plethora of equally dynamic corporations and headquarters such as American Automobile Association (AAA), Mitsubishi Hitachi Power Systems America, Scholastic Book Fairs, and Sears Home Improvement Products, as well as the emergence of many high-tech companies, including CuraScript, NCR, Faro Technologies, Deloitte Consulting, and Convergys. Ongoing expansion at the Orlando Sanford International Airport (SFB), coupled with the state's largest foreign trade zone designation, has helped SFB become the third most active international airport in Florida and the 12th most active in the United States. Seminole County has prepared for growth with everything from a new expressway to pre-approved development sites, specialized job training

and infrastructure incentives. The county's public-school system is rated among the highest in the state, and the median household effective buying income is the highest in the region.

The District recognizes that the continued enhancement of the local economy is of mutual benefit to both the District and the County and that an excellent system of public education is a significant factor in attracting new business and industry to the County. The District remains Seminole County's largest employer, employing 7,663 employees over the course of the fiscal year, which included 4,602 instructional personnel.

Long-Term Financial Planning

The District follows procedures required by Florida Statutes and the State Board of Education rules in establishing and adopting annual budgets for each of the governmental fund types. Budgets are prepared using the same modified accrual basis as is used to account for governmental funds. Appropriations are controlled at the object level (e.g., salaries, benefits, and purchased services) within each function activity (e.g., instruction, student personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report.

During the initial planning for the budget, the District annually sets aside 4 percent of its revenues to ensure compliance with Board policy 7.11. At June 30, 2018, unassigned fund balance in the General Fund totaled \$35,881,418 or 7.3 percent of total General Fund expenditures. This exceeds the District policy of 4 percent of recurring expenditures.

On March 11, 2014, the District entered into an agreement with the Board of County Commissioners of Seminole County to share a proposed 1 percent local government infrastructure sales surtax as allowed under Section 212.055(2), Florida Statutes. The agreement provides the District with 25 percent of the proposed sales surtax subject to a countywide referendum election. This referendum was approved during the May 20, 2014 special election. The District is estimated to receive \$159 million over a 10-year period from the sales surtax interlocal agreement.

Capital Outlay Program

The Florida Legislature reduced the millage rate that school districts can levy for capital projects by 25 percent, from 2 mills to 1.5 mills, over two fiscal years, ending June 30, 2009 and 2010. The allowable millage rate has remained at 1.5 mills since. In addition, property values are .51% less than their January 1, 2007 assessed values. Consequently, property tax revenues were \$16.1 million (25.6 percent) less in 2018 than 2008. In the year ended June 30, 2018, the transfer from Capital Outlay Funds to the General Fund was reduced by \$2.5 million from original budget to partially mitigate the negative financial impact of the reduced property tax revenues.

Relevant Financial Policies

The District implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective with the fiscal year ended June 30, 2018. The objective of Statement No. 75 is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). This Statement requires the recognition of the total OPEB liability on the face of the financial statements. In addition to the note disclosures that were previously required for

OPEB under GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, the standard requires extensive disclosures and required supplementary information related to the OPEB liability.

See the Note II.A. and III.F. to the financial statements for more information.

Accomplishments

SCPS is committed to student achievement and college and career readiness. SCPS is annually above the State and national average for graduation rate and is one of the highest in the State and Central Florida area. During the 2017-18 fiscal year, Seminole County ranked 1st or 2nd in all subject areas and grade levels on the FSA and Statewide Science Assessment in the Central Florida area. All SCPS students in grades 8 through 12 have the opportunity to participate in a PSAT or SAT that takes place during the school day at no cost to students or parents. Students' SAT scores are above the state and national averages for the 41st consecutive year. Students earned over 3400 Industry Certifications and participated in over 15,000 Advanced Placement tests.

Schools throughout Florida are required to participate in an accountability program that awards school grades based on student performance and growth on the required statewide assessments. The 2017-18 fiscal year marked the 19th year of the school grades accountability program. SCPS was rated an "A" district by the Florida Department of Education. SCPS has been rated an "A" district for 18 of the 19-year history of the program.

The graduating class of 2018 earned more than \$57 million in Scholarships and boasted 1,086 Florida Academic Scholars, 566 Florida Medallion Scholars, 63 Gold Seal CAPE Scholars and 89 Gold Seal Vocational Scholars.

More than 44 percent of SCPS teachers have earned Master's degrees or higher.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting and the Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2017. This was the 17th year the District has received these prestigious awards. In order to be awarded the Certificate of Achievement for Excellence in Financial Reporting and the Certificate of Excellence in Financial Reporting, the District must publish an easily readable and efficiently organized CAFR.

The Certificate of Achievement and Certificate of Excellence are valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement and the Certificate of Excellence program requirements and we are submitting it to the GFOA and ASBO to determine its eligibility for another certificate. This report also satisfied both GAAP and applicable legal requirements.

The preparation and completion of this Report on a timely basis was made possible by the dedicated service of the entire staff of the Finance department. Each member of the department

has our sincere appreciation for the contributions made in the preparation and completion of this Report.

In closing, we would like to thank the members of the School Board for their leadership and support in planning and conducting the financial operations of the District.

Respectfully submitted,

Walt Griffin, Ed.D.

FINANCIAL SECTION:

This section contains the following subsections:

- Independent Auditor's Report
- Management's Discussion and Analysis
- Basic Financial Statements
- Notes to the Financial Statements
- Required Supplementary Information Other Than Management's Discussion and Analysis
- Other Supplementary Information – Combining and Individual Fund Statements and Schedules

INDEPENDENT AUDITOR'S REPORT

Chairman and Members of
The District School Board of Seminole County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District School Board of Seminole County, Florida (the "District") as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Charter Schools or Foundation for Seminole County Schools, Inc., which comprises 100 percent of the assets, net position, and revenues of the discretely presented component units of the District. Those financial statements were audited by other auditors, whose reports have been furnished to us and, our opinion, insofar as it relates to the amounts included for the discretely presented component units, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITOR'S REPORT (Continued)

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to in the first paragraph present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District as of June 30, 2018, and the respective changes in financial position, and, where applicable, cash flows thereof, and the budgetary comparison for the general fund for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis-of-Matter – Change in Accounting Principle

As discussed in Note 1 to the financial statements, in the year ended June 30, 2018, the District adopted the provisions of Governmental Accounting Standards Board Statement (“GASBS”) 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*. As a result of the implementation of GASBS 75, the District reported a restatement for the change in accounting principle as of July 1, 2017. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management’s Discussion and Analysis, OPEB Schedule, and Pension Schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District’s basic financial statements as a whole. The introductory section, combining and individual major and non-major fund financial statements and schedules, and statistical section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual major and non-major fund financial statements and schedules are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual major and non-major fund financial statements and schedules are fairly stated, in all material respects, in relation to the financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

INDEPENDENT AUDITOR'S REPORT

(Concluded)

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 1, 2018, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the District School Board of Seminole County, Florida (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2018. The information contained in Management's Discussion and Analysis (MD&A) is intended to highlight significant transactions, events, and conditions and should be considered in conjunction with the District's financial statements and notes to financial statements found immediately following the MD&A.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2017-18 fiscal year are as follows:

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at June 30, 2018, by \$458,507,930 (net position). Of this amount, \$(170,913,720) represents a deficit unrestricted net position. This is the fourth consecutive year the District reported a deficit unrestricted net position. All four years' deficits are attributable to the implementation of new Government Accounting Standards Board (GASB) standards. See Note I.G.10., Note III.E., and Note III.F. to the financial statements for more information.
- The District's total net position increased during the current fiscal year by \$ \$17,366,536, or 3.9 percent.
- General revenues totaled \$540,645,044, or 83.9 percent of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions totaled \$103,614,152, or 16.1 percent of all revenues.
- At June 30, 2018, the fund balance for the General Fund totaled \$64,788,251. The amount represents a \$931,982 decrease during the current fiscal year. At June 30, 2018, the unassigned fund balance for the General Fund totaled \$35,881,418, representing an \$3,762,508 increase during the current fiscal year. The total of the General Fund assigned, and unassigned fund balances was \$57,855,433, or approximately 11.8 percent of General Fund expenditures.
- At June 30, 2018, the District had unspent Certificates of Participation proceeds that totaled \$6,164,968, which included interest earnings.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements provide both short-term and long-term information about the District's overall financial condition in a manner similar to those of a private-sector business. The statements include a statement of net position and a statement of activities that are designed to provide consolidated financial information about the governmental activities of the District presented on the accrual basis of accounting.

The statement of net position provides information about the District's financial position, its assets, liabilities, and deferred inflows/outflows of resources, using an economic resources measurement focus. Assets plus deferred outflows of resources, less liabilities and deferred inflows of resources, equals net position, which is a measure of the District's financial health. The statement of activities presents information about the change in the District's net position and the results of operations for the fiscal year. An increase or decrease in net position is an indication of whether the District's financial health is improving or deteriorating.

The government-wide statements present the District's activities in the following categories:

- **Governmental activities** – This represents most of the District's services, including its educational programs: basic, vocational, and exceptional education. Support functions, such as transportation, food service, and administration, are also included. Local property taxes and the State's education finance program provide most of the resources that support these activities.
- **Component units** – The District presents six separate legal entities in this report. The District's four charter schools (Choices in Learning, Inc., Galileo School for Gifted Learning, UCP Seminole Charter School, and Seminole Science Charter School) and The Foundation for Seminole County Public Schools, Inc. are legally separate organizations and component units that are included in this report because they meet the criteria for inclusion provided by generally accepted accounting principles. Financial information for these component units is reported separately from the financial information presented for the primary government. The Seminole School Board Leasing Corporation, Inc. (Leasing Corporation), although also a legally separate entity, was formed to facilitate financing for the acquisition of facilities and equipment for the District. Due to the substantive economic relationship between the District and the Leasing Corporation, the Leasing Corporation has been included as an integral part of the primary government.

Fund Financial Statements

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the District's financial activities, focusing on its most significant or "major" funds rather than fund types. This is in contrast to the entity wide perspective contained in the government-wide statements. All of the District's funds may be classified within one of the broad categories discussed below.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in assessing a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, comparing the information presented for governmental funds with similar information presented in the government-wide financial statements may enhance readers' understanding of the long-term impact of the government's near-term financing decisions. Reconciliations between the government-wide financial statements and the governmental funds balance sheet and statement of

revenues, expenditures, and changes in fund balances are provided a reconciliation to facilitate this comparison.

The governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balances provide detailed information about the District's most significant funds. The District's major funds are the General Fund, Debt Service - Certificates of Participation Fund, Capital Projects - Other Capital Improvement Funds, and Capital Projects - §1011.71(2) Local Capital Improvement Tax Fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each nonmajor governmental fund is provided in the form of combining statements in this report immediately following the notes to the financial statements and required supplementary information.

The District annually adopts a budget for its governmental funds. Budgetary comparison statements have been provided as part of the basic financial statements for the General Fund to demonstrate compliance with the budget at the functional level. Budgetary comparison schedules for all the remaining funds are provided immediately following the notes to the financial statements and required supplementary information.

Proprietary Funds

Proprietary funds may be established to account for activities in which a fee is charged for services. Internal service funds are proprietary funds used to report activities that provide goods and services to support the District's other programs and functions through user charges. The District uses internal service funds to account for its self-insurance programs, print shop, and computer store. Since these services predominantly benefit governmental rather than business-type functions, the internal service funds have been included within the governmental activities in the government-wide financial statements. Individual fund data for each of these internal service funds is provided in the form of combining statements in this report, immediately following the notes to the financial statements and required supplementary information.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The District's internal service funds are combined into a single, aggregated column in the proprietary fund financial statements.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for the benefit of external parties, such as student activity funds. Fiduciary funds are not reflected in the government-wide statements because the resources are not available to support the District's own programs. In its fiduciary capacity, the District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes.

The District uses agency funds to account for resources held for student activities and employee benefits programs.

Notes to the Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the District's net pension liability and its funding

progress for other postemployment benefits.

Combining and Individual Fund Statements and Schedules

The combining statements and additional budgetary comparison schedules referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the Required Supplementary Information Other than MD&A.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The following is a summary of the District's net position as of June 30, 2018, compared to net position as of June 30, 2017:

District School Board of Seminole County, Florida's Net Position

As of June 30, 2017 and 2018
(amounts expressed in thousands)

	Governmental Activities	
	2017	2018
Current and other assets	\$ 284,322	\$ 253,542
Capital assets	694,349	719,989
Total assets	<u>978,671</u>	<u>973,531</u>
Deferred outflows of resources	126,052	138,384
Current and other liabilities	56,791	43,755
Long-term liabilities	583,201	562,824
Total liabilities	<u>639,992</u>	<u>606,579</u>
Deferred inflows of resources	11,770	46,828
Net position:		
Net investment in capital assets (*)	535,143	545,346
Restricted (*)	69,205	84,076
Unrestricted	(151,387)	(170,914)
Total net position (**)	<u>\$ 452,961</u>	<u>\$ 458,508</u>

(*) Balances for June 30, 2017 were restated to account for unspent certificate of participation (COP) proceeds that was included in the calculation of the net investment in capital assets. The unspent COP proceeds at June 30, 2017 was \$45,473,925. The restatement to the June 30, 2017 net position balances was an increase to net investment in capital assets by \$45.5 million and a reduction by the same amount to restricted net position.

(**) Balances for June 30, 2017 have not been restated for adjustments to beginning net position in the fiscal year ended June 30, 2018 due to the implementation of GASB Statement No. 75 and for an immaterial FRS actuarial error that adjusted the employer contributions subsequent to the measurement date. The restatement of the financial statements for prior periods for the FRS adjustment is not practical per GASB Statement No. 34. See also note II to the financial statements.

The largest portion of the District’s net position, \$545,345,940 is net investment in capital assets (e.g., land; construction in progress; buildings and fixed equipment; improvements other than buildings; furniture, fixtures and equipment; motor vehicles; audio-visual materials; and computer software), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the net investment in capital assets is reported net of related debt, the resources used to repay the debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities.

The restricted portion of the District’s net position, \$84,076,800, represents resources that are subject to external restrictions on how they may be used. The unrestricted net position, a deficit amount of \$(170,913,720) was the result, in part, of accruing \$24,307,572 in compensated absences payable, \$39,134,321 net other postemployment benefit (OPEB) liability (includes deferred outflows and deferred inflows related to OPEB), and \$214,805,384 net pension liability (includes deferred outflows and deferred inflows related to pensions).

District School Board of Seminole County, Florida's Net Position
 June 30, 2017, and 2018
 (amounts in thousands)

Overall, the current period results of operations increased the District’s net position versus the prior fiscal year by \$17,366,536.

The key elements of the changes in the District’s net position for the fiscal years ended June 30, 2017 and 2018, are as follows:

District School Board of Seminole County, Florida's Changes in Net Position

For the Fiscal Years Ended June 30, 2017, and 2018

(amounts expressed in thousands)

	Governmental Activities	
	2017	2018
Revenues:		
Program revenues:		
Charges for services	\$ 27,608	\$ 25,050
Operating grants & contributions	63,205	68,222
Capital grants & contributions	9,710	10,342
General revenues:		
Property taxes	228,332	212,030
Other taxes	18,012	18,760
Other unrestricted sources	303,107	307,808

Net position, beginning, restated	408,678	441,141
Net position, ending	\$ 452,961	\$ 458,508

(*) Balances for June 30, 2017 have not been restated for adjustments to beginning net position in the fiscal year ended June 30, 2018 due to the implementation of GASB Statement No. 75 and for an immaterial FRS actuarial error that adjusted the employer contributions subsequent to the measurement date. The restatement of the financial statements for prior periods for the FRS adjustment is not practical per GASB Statement No. 34. See also note II.B. to the financial statements.

The largest revenue source for the District is from the State of Florida, Florida Education Finance Program (FEFP), which is presented as part of other unrestricted sources. FEFP revenue is based on a formula that utilizes student enrollment data and is designed to maintain equity in funding across all Florida school districts, taking into consideration the District’s funding ability based on the local property tax base. FEFP revenue increased by \$4,955,259 due to larger statewide annual appropriations for education, as well as increased enrollment.

Property tax revenues, decreased by a net \$16,302,459, or 7.1 percent versus the prior fiscal year, as a result of the additional voter-approved millage that sunsetted in fiscal year ended June 30, 2017. The decrease in voter-approved millage funding was offset by an increase in taxable assessed values. Total millage rate decreased by 0.998 mills, or 13.1 percent. The increases resulted from taxes levied as part of the FEFP required local effort millage, discretionary operating, and district local capital improvement tax pursuant to State Statutes.

The District also receives one-quarter of a Seminole County, FL voter-approved one-cent infrastructure surtax authorized under Section 212.005(2), Florida Statutes. The District receives their allocation of surtax revenues through an interlocal agreement on taxable sales generated in the County from January 1, 2015, to December 31, 2024. For the current year, sales tax revenues totaled \$18,759,722.

Revenue by Source

Expenses by Function

Instruction expenses represent 59.9 percent of total governmental-wide expenses in the 2017-18 fiscal year. Instruction expenses increased by \$17,227,708, or 4.8 percent from the previous fiscal year, primarily due to increases in instructional salaries and benefits (approximately \$10.1 million), increase in the compensated absences liability expense (approximately \$3.2 million), increase in depreciation and losses expense (approximately \$4.4 million), increase in pension expense (approximately \$.6 million), and increases from other governmental activities in instructional expenses (approximately \$0.3 million). These increases were offset by a decrease in other postemployment benefits expense (approximately \$0.8 million).

Instructional staff training services expenses represent 1.5 percent in the 2017-18 fiscal year. Instructional staff training services expenses increased by \$2,632,342, or 39.3 percent from the previous fiscal year, primarily due to increases for salaries and benefits. Outside of instruction and instructional staff training services, other functions of the District also had various increases and decreases in expenses from the prior fiscal year.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Governmental Funds

The focus of the governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. Specifically, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as it represents the portion of fund balance that has not been limited to a particular purpose by an external party or the District.

The total fund balances of governmental funds decreased during the current fiscal year by \$24,683,608, or 13.9 percent from the previous fiscal year. Of this amount, the General Fund decreased by \$931,982, or 1.4 percent, the Debt Service - Certificates of Participation Fund increased by \$199,784, or 8.8 percent, the Capital Projects - Other Capital Improvement Funds decreased by \$28,544,786, or 40.6 percent, and the Capital Projects - §1011.71(2) Local Capital Improvement Tax Fund increased by \$8,605,958, or 41.9 percent. The remaining decreases of \$4,012,582, or 20.9 percent was a direct result of changes in the nonmajor funds.

The total governmental fund balance at June 30, 2018, was \$153,385,629, of which \$35,881,418, or 23.4 percent is unassigned and available for spending at the District's discretion. The remainder of the fund balance is nonspendable, restricted, or assigned to indicate that it is: 1) not in spendable form (\$2,279,820), 2) restricted for particular purposes (\$93,250,376), or 3) assigned for particular purposes (\$21,974,015).

Major Governmental Funds

The General Fund is the District's operating fund. At the end of the current fiscal year, unassigned fund balance was \$35,881,418, and the total fund balance was \$64,788,251. As a measure of the General Fund's liquidity, it may be useful to compare the total assigned and unassigned fund balances to General Fund total expenditures. The total assigned and unassigned General Fund balance is approximately 11.8 percent of the total General Fund expenditures, while total General Fund balance represents approximately 13.2 percent of total General Fund expenditures.

The total General Fund balance decreased by \$931,982 during the current fiscal year. The primary factors impacting the change in fund balance are described below:

Florida Education Finance Program (FEFP) revenue increased by \$4,955,259 due to larger statewide annual appropriations for education, as well as increased enrollment; the FEFP is accounted for entirely in the General Fund. Related class size reduction revenues decreased by \$69,942.

Total expenditures increased by \$5,422,405, or 1.1 percent, due primarily to increases in total instruction expenses of \$9,655,761. Increases in instruction expense was primarily due to increases in salaries of \$4,862,481, increases in benefits of \$2,000,323, and increases in purchase services of \$3,848,241. The increases in instruction were offset by decreases in other type of instruction expenses. Total Instruction increases in the General Fund were offset by decreases in administrative technology services of \$3,359,210, with the remaining net decrease of \$874,146 for various changes in other objects.

The Debt Service - Certificates of Participation Fund had total fund balance of \$2,467,787 at June 30, 2018. The fund balance increased in the current fiscal by \$199,784 primarily due to increase in investment income over budget of \$190,651. These funds are restricted for future debt service payments.

The Capital Projects - Other Capital Improvement Funds includes the following sources: Sales Tax Revenue 3rd Generation, County Impact Fee Revenues, Miscellaneous State Revenue, Local Capital Improvement activities and proceeds of the issuance of certificates of participation. The Capital Projects - Other Capital Improvement Funds reported a total fund balance of \$41,827,156 at June 30, 2018. These funds are restricted for the acquisition, construction, and maintenance of capital assets. The fund balance decreased by \$28,544,786, or 40.6 percent in the 2017-18 fiscal year primarily due expenses related to the closeout of projects financed by the issuance of certificates of participation in fiscal year 2016-17.

The Capital Projects - §1011.71(2) Local Capital Improvement Tax Fund had a total fund balance of \$29,139,147 at June 30, 2018, of this amount, \$7,493,418 was encumbered for specific projects. The fund balance increased by \$8,605,958, or 41.9 percent, during the fiscal year. This was due to capital projects in process that were not complete at the end of the fiscal year.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the 2017-18 fiscal year, the District amended its General Fund budget several times to account for budget increases/decreases in revenue, primarily due to changes in estimated State funding levels. Because of their unpredicted nature, other revenue budget adjustments are made throughout the year when the new revenues are received.

Final appropriations were more than the original budgeted amounts by \$5,366,217, or 1.0 percent.

Actual revenues were approximately \$1.0 million in excess of budgeted revenues. The primary change is related to increases from FEFP revenues of \$708,388 and increases from other local sources of \$296,446.

Actual expenditures are approximately \$38.7 million, or 7.9 percent less than final budgeted amounts. The primary cause for unspent appropriations is related to schools and other programs carrying forward unspent appropriations that will be used in succeeding years. This accounts for approximately \$27.5 million (\$5.5 million for State required carryover programs, \$16.2 million for other carryover programs, and \$5.8 million in purchase order obligations at year-end). The balance of approximately \$11.2 million is due to savings in operations versus budgeted amounts, most notably technology purchases and operation of plant savings.

The actual ending fund balance exceeded the estimated fund balance contained in the final amended budget by approximately \$39.7 million, primarily attributable to \$38.7 million in expenditures less than budget as explained in the prior paragraph. Revenues of approximately \$1.0 million were collected in excess of budgeted amounts as explained above.

Remainder of this page was intentionally left blank.

CAPITAL ASSETS AND LONG-TERM DEBT

Capital Assets

The District's capital assets for governmental activities as of June 30, 2018, totaled \$719,989,063 (net of accumulated depreciation and amortization). The capital assets include land; construction in progress; improvements other than buildings; buildings and fixed equipment; furniture, fixtures and equipment; motor vehicles; audio-visual materials; and computer software. The District's investment in capital assets (net of accumulated depreciation and amortization) for the current fiscal year increased by \$25,639,793, or 3.7 percent. The change is attributable to net increases in construction in progress of \$19,915,016, increases in buildings and fixed equipment of \$31,765,305, increases in improvements other than buildings of \$159,268, net increases in furniture, fixtures and equipment of \$2,000,302, net increases in motor vehicles of \$968,271, and net increases in software of \$25,924. These changes were offset by reduction in land of \$88,125 and \$29,106,168 resulting from current year depreciation, amortization and a loss.

Major projects in process at the end of the current fiscal year that are included as additions to construction in progress: Midway Safe Harbor upgrade (\$46,753), Lake Brantley High School building 5 replacement - phase I & II (\$1,477,310), Midway Elementary School addition (\$3,596,392), Pinecrest School of Innovation (\$366,076), New Millennium Middle School - Midway site (\$44,244,183), Seminole High School auto-mechanics building & 9th grade center (\$5,557,150), Stenstrom Elementary School building 1-6 metal roof (\$329,526), Carillon Elementary School roof replacement (\$722,024), Woodlands Elementary School roof replacement (\$221,228), Stenstrom Elementary School traffic improvement (\$248,478).

The following is a summary of the District's capital assets as of June 30, 2017 and 2018:

District School Board of Seminole County, Florida's Capital Assets

(net of accumulated depreciation and amortization)

As of June 30, 2017 and 2018

	Governmental Activities	
	2017	2018
Land	\$ 50,931,157	\$ 50,843,032
Construction in progress	36,894,104	56,809,120
Buildings and fixed equipment	575,783,955	581,619,509
Improvements other than buildings	5,621,460	5,234,024
Furniture, fixtures, and equipment	12,530,543	13,026,066
Motor vehicles	10,337,117	10,684,709
Computer software	2,250,934	1,772,603
Total capital assets	<u>\$ 694,349,270</u>	<u>\$ 719,989,063</u>

Additional information on the District's capital assets can be found in Notes I.G.5., and III.D. to the financial statements.

Debt Administration

The following is a summary of the District's long-term debt outstanding as of June 30, 2017 and 2018:

**District School Board of Seminole County, Florida's
Long-Term Debt Outstanding**
As of June 30, 2017 and 2018

	<u>Governmental Activities</u>	
	<u>2017</u>	<u>2018</u>
Bonded debt:		
Certificates of participation	\$ 176,190,000	\$ 159,005,000
Unamortized premiums	15,992,188	14,858,368
Unamortized discounts	(16,402)	(8,201)
Certificates of participation, net	<u>192,165,786</u>	<u>173,855,167</u>
State school (SBE) bonds	12,256,000	6,263,000
Unamortized premiums	834,275	733,121
State school (SBE) bonds, net	<u>13,090,275</u>	<u>6,996,121</u>
Total bonded debt	<u>\$ 205,256,061</u>	<u>\$ 180,851,288</u>

At June 30, 2018, the District has long-term bonded debt outstanding of \$180,851,288, net of premiums and discounts. During the current fiscal year, principal debt payments, excluding refundings, interest payments, amortization of premiums, or discounts, totaled \$18,343,000.

On November 17, 2016, the District issued Certificates of Participation (COP), Series 2016C, in the par amount of \$50,555,000. The proceeds of \$60,360,334, are being used to construct Millennium Middle School, refurbish Longwood Elementary School, provide funding for other miscellaneous school additions, and purchase buses. The COP, Series 2016C are secured via a Master Lease Agreement. Unspent COP, Series 2016C proceeds at June 30, 2018 is \$6,164,968.

Other COP series outstanding at June 30, 2018, are secured in a similar manner as the COP issued in the current fiscal year.

The State Board of Education (SBE) Bonds outstanding at June 30, 2018, are secured by a pledge of the District's portion of the State-assessed motor vehicle license tax. The State's full faith and credit is also pledged as security for these bonds.

In September 2016, the District received ratings on its Certificates of Participation of Aa3 and AA- from Moody's Investor Services and Fitch ratings, respectively. Although the District has no outstanding general obligation bonds, the District's general obligation underlying rating was confirmed as Aa2 from Moody's Investor Services.

Additional information on the District's debt can be found in Note III.I. to the financial statements.

OTHER MATTERS OF SIGNIFICANCE

In developing the 2018-19 fiscal year budget, the District considered many factors, including the following:

- The latest enrollment projections for the District indicate an increase of approximately 699 students during the 2018-19 fiscal year.
- The Legislature provided the Board with an increase in formula funding of \$162.64, or 2.3 percent in per student funding for the 2018-19 fiscal year.
- Employer contributions to the Florida Retirement System increased for regular employees from 7.92 to 8.26 percent of payroll for the 2018-19 fiscal year.
- Housing prices are expected to increase the taxable assessed value for the 2018-19 fiscal year.
- The unions approved a two-year agreement for increases in compensation that settled in the 2017-18 school year and extends through June 2019. On-going discussions are in place for the non-compensation portion of the union contracts.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in the MD&A or other required supplementary information, and financial statements and notes thereto, or requests for additional financial information should be addressed to the Director of Finance, Seminole County Public Schools, 400 East Lake Mary Boulevard, Sanford, Florida 32773-7127.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position
June 30, 2018

Fund Balances - Total Governmental Funds		\$ 153,385,629
Amounts reported for governmental activities on the Statement of Net Position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.		
Nondepreciable capital assets	\$ 107,652,152	
Depreciable capital assets	1,178,570,323	
Less: Accumulated depreciation	<u>(566,233,412)</u>	719,989,063
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds.		
Bonds payable	(6,263,000)	
Less: unamortized premiums on bonds payable	(733,121)	
Add: deferred charges on refunding	290,782	
Certificates of participation payable	(159,005,000)	
Less: unamortized premiums on certificates of participation payable	(14,858,368)	
Add: unamortized discounts on certificates of participation payable	8,201	
Add: deferred charges on refunding	2,619,219	
Less: deferred gains on refunding	(796,268)	
Accrued interest payable	(144,712)	
Compensated absences	(24,307,572)	
Other postemployment benefits payable	<u>(25,560,935)</u>	(228,750,774)
The deferred outflows of resources and deferred inflows of resources related to other postemployment benefits are applicable to future periods and, therefore, are not reported in the governmental funds.		
Deferred outflows related to OPEB	916,868	
Deferred inflows related to OPEB	<u>(14,490,254)</u>	(13,573,386)
On the governmental fund statements, a net pension liability is not recorded until an amount is due and payable and the pension plan's fiduciary net position is not sufficient for payment of those benefits (no such liability exists at the end of the current fiscal year). On the Statement of Net Position, the District's proportionate share of the net pension liability of the cost-sharing defined benefit pension plans in which the District participates is reported as a noncurrent liability. Additionally, deferred outflows and deferred inflows related to pensions are also reported in accordance with GASB Statement No. 68.		
Net pension liability	(317,821,237)	
Deferred outflows related to pensions	134,557,296	
Deferred inflows related to pensions	<u>(31,541,443)</u>	(214,805,384)
Internal service funds are used by management to account for the cost of self-insurance, print shop, and the computer store. The assets and liabilities of the internal service funds are included in governmental activities on the Statement of Net Position.		
		42,262,782
Net Position of Governmental Activities		<u><u>\$ 458,507,930</u></u>

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Reconciliation of the Statement of Revenues, Expenditures and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Fiscal Year Ended June 30, 2018

Net Change in Fund Balances - Total Governmental Funds	\$	(24,683,608)
Amounts reported for governmental activities on the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of these assets is depreciated over their estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets	\$ 58,247,880	
Less: Current year depreciation	<u>(32,658,140)</u>	25,589,740
Contributions of capital assets are not reported as revenues in the governmental funds.		
		157,455
In the Statement of Activities, only the loss on the sale/disposal of the capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the capital assets disposed.		
		(107,402)
The issuance of long-term debt (e.g., bonds, certificates of participation) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities.		
Principal repayments:		
Bonds payable	1,158,000	
Certificates of participation	17,185,000	
Payment to escrow agent for refunding	<u>5,098,352</u>	23,441,352
Some expenses in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Change in long-term compensated absences	(212,930)	
Change in accrued interest payable	79,418	
Amortization of bonds payable premiums	101,154	
Amortization of certificate of participation premiums	1,133,820	
Amortization of certificate of participation discounts	(8,201)	
Amortization of deferred charges and gains on refunding, net	<u>(50,572)</u>	1,042,689
Governmental funds report District OPEB contributions as expenditures. However, in the statement of activities, the cost of OPEB benefits earned net of employee contributions, as determined through an actuarial valuation, is reported as an OPEB expense.		
Change in OPEB liability	13,998,397	
Change in deferred outflows of resources OPEB	916,868	
Change in deferred inflows of resources OPEB	<u>(14,490,254)</u>	425,011
Governmental funds report contributions to defined benefit pension plans as expenditures. However, in the Statement of Activities, the amount contributed to defined benefit pension plans reduces future net pension liability and is reported as part of deferred outflows of resources.		
		25,542,441
In the Statement of Activities, pension expense is recorded for the District's proportionate share of collective pension expense of the cost-sharing defined benefit plans in which the District participates. Also included in pension expense are amounts required to be amortized in accordance with GASB Statement No. 68.		
		(41,485,344)
Internal service funds are used by management to account for the cost of self-insurance, print shop and the computer store. The net revenue and transfers in of certain activities of internal service funds are reported with governmental activities.		
		7,444,202
Change in Net Position of Governmental Activities	\$	<u>17,366,536</u>

The notes to the financial statements are an integral part of this statement.

NOTES TO THE FINANCIAL STATEMENTS

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies

A. Description of Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities are normally supported by taxes, intergovernmental revenues, and other nonexchange transactions. The primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities presents a comparison between direct expenses and program revenues for each function or program of the Seminole County School District's (District) governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are thereby clearly identifiable to a particular function. Depreciation and amortized expenses are allocated to each function or program of the primary government.

B. Reporting Entity

The Seminole County District School Board (Board) has direct responsibility for operation, control, and supervision of the District schools and is considered a primary government for financial reporting. The District is part of the Florida system of public education, operates under the general direction of the Florida Department of Education (FDOE), and is governed by State law and State Board of Education (SBE) rules. The governing body of the District is the Board, which is composed of five elected members. The appointed Superintendent of Schools is the executive officer of the Board. Geographic boundaries of the District correspond with those of Seminole County.

The concept underlying the definition of the reporting entity is that elected officials are accountable to their constituents for their actions. The accompanying financial statements present the District and its component units, entities for which the District is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are included within the statements of the primary government. The discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the District.

Criteria for determining if other entities are potential component units that should be reported within the District's basic financial statements are identified and described in the Governmental Accounting Standards Board's (GASB) *Codification of Governmental Accounting and Financial Reporting Standards*, Sections 2100 and 2600. The application of these criteria provides for identification of any legally separate entities for which the District is financially accountable and other organizations that the nature and significance of their relationship with the Board are such that exclusion would cause the District's basic financial statements to be misleading. The District's reporting entity includes blended and discretely presented component units as described below.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies (continued)

B. Reporting Entity (continued)

Blended Component Unit

A blended component unit is, in substance, part of the District's operations, even though it is a legally separate entity. Thus, a blended component unit is appropriately presented as a part of the District. The Seminole School Board Leasing Corporation, Inc. (Leasing Corporation) was formed to facilitate financing for the acquisition of facilities and equipment as further discussed in Note III.I.1. The governing board of the Leasing Corporation is the same as the District School Board. Financial records for the Leasing Corporation are maintained by the District, and District staff is responsible for the day-to-day operation of the Leasing Corporation. Due to the substantive economic relationship between the District and the Leasing Corporation, the financial activities of the Leasing Corporation are blended in the financial statements. The Leasing Corporation does not issue separate financial statements.

Discretely Presented Component Units

The component units column in the basic financial statements includes the financial data of the District's other component units. The Foundation for Seminole County Public Schools, Inc. (Foundation) is a not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds; receive, hold, invest, and administer property; and to make expenditures for the benefit of the District. Section 1001.453, Florida Statutes, requires the Foundation to be authorized and approved by the District. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit. The Foundation has its own Board and does not provide services entirely or nearly entirely to the District, and therefore is discretely presented, rather than blended.

The District's charter schools, Choices in Learning, Inc., Galileo School for Gifted Learning, UCP Seminole Charter School, and Seminole Science Charter School (charter schools) are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The charter schools operate under a charter approved by their sponsor, the District School Board of Seminole County. The charter schools are considered to be component units of the District because the District established the charter schools by approval of the charter, which is tantamount to the initial appointment of the charter schools, and there is the potential for the charter schools to impose specific financial burdens on the District. In addition, pursuant to the Florida Constitution, the charter schools are public schools, and the District is responsible for the operation, control, and supervision of public schools within the District.

The amounts reported on the District's financial statements were derived from the Foundation's and charter schools' unaudited financial statements for the fiscal year ended June 30, 2018. The financial statements and reports for the audits conducted by independent certified public accountants are filed in the District's administrative office at 400 East Lake Mary Boulevard,

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies (continued)

B. Reporting Entity (continued)

Sanford, Florida. None of the component units are considered to be major component units in relation to the District. All financial statement notes for the Foundation and the charter schools are omitted from this report since separate financial statements are available. The notes to the Foundation's and charter schools' statements should be used as an integral part to interpret the financial statements of these component units.

C. Basis of Presentation - Government-wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The effects of interfund balances and activities have been eliminated from the government-wide financial statements, except for transfers between governmental activities.

D. Basis of Presentation - Fund Financial Statements

The fund financial statements provide information about the District's funds, including the fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. Because the focus of governmental fund financial statements differs from the focus of government-wide financial statements, reconciliations are presented with each of the governmental fund financial statements.

The District reports the following major governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources not required to be accounted for in another fund and for certain revenues from the State that are legally restricted to be expended for specific current operating purposes.

The *Debt Service - Certificates of Participation Fund* is a debt service fund that accounts for the accumulation of resources for, and the payment of, debt principal, interest, and related costs on the long-term certificates of participation.

The *Capital Projects - Other Capital Improvement Funds* is funded by other sources. Other sources include revenue generated by the one-quarter of one-cent intergovernmental local sales tax, as approved by the voters pursuant to Section 212.055(2), Florida Statutes; Impact fees revenues generated from the sale of new home construction; new debt issue used to build and renovate existing infrastructure, and other miscellaneous capital improvement revenue.

I. Summary of Significant Accounting Policies (continued)

D. Basis of Presentation - Fund Financial Statements (continued)

The Capital Projects - §1011.71(2) Local Capital Improvement Tax Fund is a capital outlay fund to account for the financial resources generated by the local capital improvement tax levy to be used for educational capital outlay.

Additionally, the District reports the following proprietary and fiduciary fund types:

Internal Service Funds account for print shop, computer store, health insurance, and risk management services (including claims for workers' compensation, general liability, and property damage) provided to cost centers and schools of the District on a cost-reimbursement basis. The District has four internal service funds.

Agency Funds account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, and resources of the school internal funds, which are used to administer moneys collected at schools in connection with student and club activities. The District has two agency funds, the *Student and Club Activities Fund* and *Employee Benefit Program Fund*.

During the course of operations, the District has activity between funds for various purposes. Any residual balances outstanding between funds at fiscal year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

E. Measurement Focus and Basis of Accounting

Accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured, such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized in the year for which they are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been satisfied.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies (continued)

E. Measurement Focus and Basis of Accounting (continued)

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues, except for certain grant revenues, are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures are generally recognized when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, claims and judgments, pensions, other postemployment benefits, and compensated absences, are only recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of long-term debt are reported as other financing sources. Allocations of cost, such as depreciation, are not recognized in governmental funds.

State revenues, property taxes, sales taxes, impact fees, Medicaid revenues, charges for services, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. When grant terms provide that the expenditure of resources is the prime factor for determining eligibility for Federal, State, and other grant resources, revenue is recognized at the time the expenditure is made. All other revenue items are considered to be measurable and available only when cash is received by the District.

The proprietary funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. The agency funds have no measurement focus, but use the *accrual basis of accounting* for reporting assets and liabilities.

The UCP Seminole Charter School is accounted for under the not-for-profit basis of accounting and uses the accrual basis of accounting (revenues are recognized when earned and expenses are recognized when incurred) in accordance with the pronouncements issued by the Financial Accounting Standards Board (FASB).

The Foundation, Choices in Learning, Inc., Galileo School for Gifted Learning, and Seminole Science Charter School are accounted for as governmental organizations and follow the same accounting model as the District's in accordance with the pronouncements issued by the GASB.

F. Budgetary Information

Budgetary Basis of Accounting

The Board follows procedures established by State Statutes and SBE rules in establishing budget balances for governmental funds, as described below:

1. Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental fund types in accordance with procedures and time intervals prescribed by law and SBE rules.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies (continued)

F. Budgetary Information (continued)

2. Appropriations are controlled at the object level (e.g., salaries, purchased services, and capital outlay) within each functional activity (e.g., instruction, student personnel services, and school administration) and may be amended by resolution at any Board meeting prior to the due date for the annual financial report. This object level is the legal level of budgetary control.
3. Budgets are prepared using the same modified accrual basis as is used to account for governmental funds.
4. Budgetary information is integrated into the accounting system and, to facilitate budget control, budget balances are encumbered when purchase orders are issued. Appropriations lapse at fiscal year-end and encumbrances outstanding are honored in the subsequent period.

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash and Cash Equivalents

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by Federal depository insurance up to specified limits or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Chapter 280, Florida Statutes. For the internal service funds, the statements of cash flows consider funds deposited in demand deposit accounts as cash and amounts invested in money market funds as cash equivalents.

2. Investments

Investments consist of amounts placed in the State Board of Administration (SBA) debt service accounts for investment of debt service funds, amounts placed with the SBA for participation in the Florida PRIME investment pool created by Section 218.405, Florida Statutes, and amounts invested locally. These investment pools operate under investment guidelines established by Section 215.47, Florida Statutes.

The District's investments in the SBA debt service accounts are administered by the SBE to provide for debt service payments on bonded debt issued by the SBE for the benefit of the District. Disclosures for the debt service accounts are included in the notes to the financial statements of the State of Florida's Comprehensive Annual Financial Report. The District relies on policies developed by the SBA for managing interest rate risk and credit risk for this account.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies (continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

2. Investments (continued)

The District's investments in Florida PRIME, which the SBA indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, are similar to money market funds in which shares are owned in the fund rather than the underlying investments. These investments are reported at amortized cost, which approximates their fair value. The District has local investments in the Florida Educational Investment Trust (FEIT). The trust is also a Securities and Exchange Commission Rule 2a7-like external investment pool. These investments are reported at amortized cost, which approximates their fair value. Other investments made locally consist of Money Market Mutual Funds, United States Treasury Securities, Obligations of United States Government Instrumentalities and Agencies, State and Local Debt, and Commercial Paper. These investments are reported at fair value.

3. Fair Value Measurement

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Types and amounts of investments held at fiscal year-end are described in a subsequent note.

4. Inventories and Prepaid Items

Inventories consist of expendable supplies held for consumption in the course of District operations. The supply inventory is stated using a weighted average cost. The print shop and maintenance inventories are stated at last invoice price that approximates the first-in, first-out basis. The transportation and food service inventories are stated at cost using the first-in, first-out basis. United States Department of Agriculture donated foods are stated at fair value as determined at the time of donation to the District's food service program by the Florida Department of Agriculture and Consumer Service, Bureau of Food Distribution. The costs of inventories are recorded as expenditures when used rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods. In the government-wide, governmental funds and proprietary fund statements, these items are recorded as prepaid items and the cost of these items is recorded as an expenditure/expense when consumed rather than when purchased.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies (continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

5. Capital Assets

Expenditures for capital assets acquired or constructed for general District purposes are reported in the governmental fund that financed the acquisition or construction. The capital assets so acquired are reported at cost in the government-wide statement of net position, but are not reported in the governmental fund financial statements. Capital assets are defined by the District as those having an estimated useful life of more than one year and costing more than \$1,000 for furniture, fixtures and equipment; motor vehicles; audio-visual materials; and computer software; and \$50,000 for improvements other than buildings; buildings and fixed equipment; and construction in progress. Such assets are recorded at historical cost or estimated historical cost. Donated assets are recorded at acquisition value at the date of donation. All land purchases are included in capital assets regardless of cost.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. Gains or losses on disposal of capital assets are included as income in the period of disposal.

Land and construction in progress are not depreciated. Capital assets are depreciated or amortized using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings and Fixed Equipment	10 – 40 years
Improvements Other than Buildings	15 years
Furniture, Fixtures and Equipment	6 years
Motor Vehicles	10 years
Audio-Visual Materials and Computer Software	5 years

Current year information relative to changes in capital assets is described in a subsequent note.

6. Unearned Revenue

Unearned revenue presented on both the governmental and proprietary fund financial statements represents advance collection of funds for services to be provided in future reporting periods. Unearned revenue in the nonmajor governmental funds consists primarily of prepayments for school lunches and local/non-federal grant advances. Unearned revenue in the internal service funds consists primarily of benefits and payroll deductions applicable to future fiscal year health insurance coverage in the self-insurance funds. Unearned revenues on the government-wide financial statements are the same as those reported on the governmental and proprietary statements.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies (continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

7. Pensions

In the government-wide financial statements, net pension liability represents the District's proportionate share of the net pension liability of the cost-sharing pension plans in which it participates. This proportionate amount represents a share of the present value of projected benefit payments to be provided through the cost-sharing pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the cost-sharing pension plan's fiduciary net position.

The District participates in both the Florida Retirement System (FRS) defined benefit pension plan and the Health Insurance Subsidy Program (HIS) defined benefit plan administered by Florida Division of Retirement (collectively, FRS/HIS).

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the FRS/HIS and additions to/deductions from FRS/HIS's fiduciary net position have been determined on the same basis as they are reported by FRS/HIS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The District's retirement plans and related amounts are described in a subsequent note.

8. Compensated Absences

In the government-wide financial statements, compensated absences are accrued as liabilities to the extent that it is probable that the benefits will result in a payment. A liability is reported for compensated absences in the governmental fund financial statements only if they have matured. The liability for compensated absences includes salary-related benefits, where applicable. For the calculation of sick leave termination liability, the District uses the termination payments method.

9. Long-Term Liabilities

Long-term obligations that will be financed from resources to be received in the future by governmental funds are reported as liabilities in the government-wide statement of net position. Debt premiums and discounts are deferred and amortized using a straight-line method over the term of the related debt. Certificates of participation and bonds payable are reported net of applicable premiums and discounts.

In the governmental fund financial statements, bonds and other long-term obligations are not recognized as liabilities until they become due. Governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued and premiums are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies (continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

9. Long-Term Liabilities (continued)

Changes in long-term liabilities for the current year are reported in a subsequent note.

10. Deferred Outflows / Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to future periods and will not be recognized as an outflow of resources (expense) until then.

The District has three items that qualify for reporting in this category. The first is the net carrying amount of debt refunding reported in the government-wide statement of net position, which results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second is the deferred amount on pensions reported in the government-wide statement of net position. The third is the deferred amount on Other Postemployment Benefits (OPEB) reported in the government-wide statement of net position. The deferred outflows of resources related to pensions and OPEB are discussed in a subsequent note.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

The District has three types of items that qualify for reporting in this category on the statement of net position. The first is the deferred amount on pension which results from the difference in the expected and actual amounts of experience, earnings, and contributions. This amount is deferred and amortized over the service life of all employees that are provided with pensions through the pension plan except earnings, which are amortized over 5 years. The second is deferred gains on refunding resulting from a debt refinancing whereby the net carrying amount of the debt instrument exceeds the reacquisition price of the refunding debt. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The third is the deferred amounts on OPEB which results from the difference in expected and actual amounts of experience and earnings. This amount is deferred and amortized over the service life of all employees that are provided with healthcare through the District's health insurance program.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies (continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

11. Net Position

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted. Net investment in capital assets groups all capital assets into one component of net position; accumulated depreciation and the outstanding balances of debt that are attributed to the acquisition, construction, or improvement of these assets reduce the balance in this category. Restricted net position includes all net position with external restrictions imposed by creditors, grantors, or laws and regulations of other governments. Unrestricted net position is the residual amount of net position of the District that is not restricted for any particular purpose.

12. Net Position Flow Assumption

The District occasionally funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. To calculate the amounts to report as *restricted – net position* and *unrestricted – net position* in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. Consequently, it is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

13. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes.

Nonspendable fund balance includes items that cannot be spent because they are not in spendable form, such as inventory. All other categories of fund balance, other than nonspendable, are collectively known as spendable fund balance.

Restricted fund balances encompass the portion of net fund resources subject to externally enforceable legal restrictions. This includes externally imposed restrictions by creditors (such as through debt covenants), grantors, contributors, laws or regulations of other governments, as well as restrictions imposed by law through constitutional provisions or enabling legislation. The categories of fund balance other than restricted and nonspendable are collectively known as unrestricted fund balance.

The District itself can establish limitations on the use of unrestricted resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies (continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

13. Fund Balance Policies (continued)

A committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District's highest level of decision making authority. The Board is the highest level of decision making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation. The Board has not established a policy to commit fund balance, therefore, no such balance is reported.

Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The District and the Board also have not established a policy to assign fund balance. However, certain actions taken by the District, as subsequently described, assign fund balance in accordance with GASB Statement No. 54. Included in assigned fund balance in the General Fund, is an amount for purchase order obligations outstanding that have not been already included as restricted fund balance. In addition, an amount is included in assigned fund balance for certain program budgets carried over from year-to-year outside of those required by State Statute.

The residual fund balance remaining is reported as unassigned fund balance and is the excess of nonspendable, restricted, committed, and assigned fund balance. The General Fund is the only fund that reports a positive unassigned fund balance amount.

14. Minimum Fund Balance Policy

The Board has adopted Policy 7.11 to provide for a 4 percent minimum unassigned fund balance for the General Fund, if feasible, based on the recurring expenditure budget. For the 2017-18 fiscal year, the Board adopted an unassigned fund balance budget of \$34,163,036.

15. Fund Balance Flow Assumption

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies (continued)

G. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance (continued)

15. Fund Balance Flow Assumption (continued)

of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

H. Revenues and Expenditures/Expenses

1. Program Revenues

Amounts reported as program revenues include charges paid by the recipient of the goods or services offered by the program, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than program revenues. Revenues that are not classified as program revenues are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

2. State Revenue Sources

Significant revenues from State sources for current operations include the Florida Education Finance Program administered by the FDOE under the provisions of Section 1011.62, Florida Statutes. In accordance with this law, the District determines and reports the number of full-time equivalent (FTE) students and related data to the FDOE. The FDOE performs certain edit checks on the reported number of FTE and related data, and calculates the allocation of funds to the District. The District is permitted to amend its original reporting for a period of five months following the date of the original reporting. Such amendments may impact funding allocations for subsequent fiscal years. The FDOE may also adjust subsequent fiscal period allocations based upon an audit of the District's compliance in determining and reporting FTE and related data. Normally, such adjustments are treated as reductions or additions of revenue in the fiscal year when the adjustments are made.

The State provides financial assistance to administer certain educational programs. SBE rules require that revenue earmarked for certain programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following fiscal year to be expended for the same educational programs. The FDOE generally requires that these educational program revenues be accounted for in the General Fund. A portion of the fund balance of the General Fund is restricted in the governmental fund financial statements for the balance of categorical and earmarked educational program resources.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies (continued)

H. Revenues and Expenditures/Expenses (continued)

2. State Revenue Sources (continued)

The State allocates gross receipts taxes, generally known as Public Education Capital Outlay money, to the District on an annual basis. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the FDOE.

A schedule of revenue from State sources for the current year is presented in a subsequent note.

3. District Property Taxes

The Board is authorized by State law to levy property taxes for District school operations, capital improvements, and debt service.

Property taxes consist of ad valorem taxes on real and personal property within the District. Property values are determined by the Seminole County Property Appraiser, and property taxes are collected by the Seminole County Tax Collector.

The Board adopted the 2017 tax levy on September 5, 2017. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4 percent for early payment.

Taxes become a lien on the property on January 1, and are delinquent on April 1, of the year following the year of assessment. State law provides for enforcement of collection of personal property taxes by seizure of the property to satisfy unpaid taxes, and for enforcement of collection of real property taxes by the sale of interest-bearing tax certificates to satisfy unpaid taxes. The procedures result in the collection of essentially all taxes prior to June 30 of the year following the year of assessment.

Property tax revenues are recognized in the government-wide financial statements when the Board adopts the tax levy. Property tax revenues are recognized in the governmental fund financial statements when taxes are received by the District, except that revenue is accrued for taxes collected by the Seminole County Tax Collector at fiscal year-end but not yet remitted to the District. Millage rates and taxes levied for the current year are presented in a subsequent note.

4. Local Government Infrastructure Surtax (Local Sales Tax)

On May 20, 2014, the voters of Seminole County approved a one-cent infrastructure surtax authorized under Section 212.055(2), Florida Statutes on taxable sales in the County. Through an interlocal agreement, the District receives one-quarter of the surtax revenues over a ten-year period that started on January 1, 2015 and will go through December 31, 2024.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

I. Summary of Significant Accounting Policies (continued)

H. Revenues and Expenditures/Expenses (continued)

5. Educational Impact Fees

Seminole County imposes an educational impact fee based on an ordinance adopted by the County Commission in 1992. This ordinance was most recently amended in January 2018, when Ordinance 2018-1 established, in part, revised impact fee rates. The educational impact fee is collected by the County and each municipality within the County based on an interlocal agreement. The fees shall be used solely for the purpose of providing capital improvements to the public educational system necessitated by new residential development, and shall not be used for any expenditure that would be classified as a maintenance or repair. The authorized uses include, but are not limited to, land acquisition; facility design and construction costs; furniture and equipment; and payment of principal, interest, and related costs of indebtedness necessitated by new residential development.

6. Federal Revenues Sources

The District receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to, and approved by, various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

7. Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues of the District's internal service funds are charges for sales and services and premiums charged to the District and employees under various insurance programs. The principal operating expenses for the internal service funds include salary and benefits, cost of sales and services, claims, and premiums for excess coverage. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

Remainder of this page was intentionally left blank.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

II. Accounting Changes and Adjustments to Beginning Net Position

A. Changes in Accounting Principles

GASB Statement No. 75. The District implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, replaces GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended. The new statement addresses accounting and financial reporting for OPEB provided to employees of state and local government employers; establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expenses; requires governments to report a liability, deferred outflows of resources, deferred inflows of resources, and expenses on the face of the financial statement for the OPEB that they provide; and requires more extensive note disclosures and supplementary information about their OPEB liability. The requirements of this Statement are being implemented prospectively, with the District reporting an actuarial determined OPEB liability of \$39,559,332 at July 1, 2016. Beginning balances for deferred outflows/inflows of resources were not restated. The effect on beginning net position of GASB Statement No. 75 implementation is discussed below.

B. Adjustments to Beginning Net Position

The Florida Division of Retirement (FRS), which administers the defined benefit pension plan and the HIS defined benefit plan, reported an actuarial error that restated the June 30, 2017, deferred outflows for employer contributions subsequent to the measurement date. To account for this error, the beginning net position was reduced by a net adjustment of \$75,665 (from \$23,936,711 as originally stated to \$23,861,046 as restated).

The beginning net position of the District decreased due to the adoption of GASB Statement No. 75. Statement No. 75 requires the District to recognize the actuarial determined liability instead of the net OPEB obligation that was required by GASB Statement No. 45. The net cumulative effect of change in accounting principle, as of July 1, 2016, the last evaluation date, was a reduction in beginning net position of \$11,744,120 (the difference between the OPEB liability of \$39,559,332 (as required by GASB Statement No. 75) and the previously reported net OPEB obligation of \$27,815,212 (required by GASB Statement No. 45).

Below is a summary of the required changes in beginning net position:

	Government-wide Statements
	Governmental Activities
Beginning net position, as previously reported	\$ 452,961,179
Prior period adjustments	(75,665)
Cumulative effect of change in accounting principle	(11,744,120)
Beginning net position, as restated	\$ 441,141,394

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

II. Accounting Changes and Adjustments to Beginning Net Position (continued)

C. Prior Period Adjustment to Component Units

The Galileo School for Gifted Learning (GSFGL) reported a correction to fixed asset additions, net of accumulated depreciation, for the prior fiscal year ended June 30, 2017. To account for this error, the beginning net position of \$672,337, as previously reported by GSFGL, has been increased by \$6,465, to a beginning net position of \$678,802.

The United Cerebral Palsy Seminole Charter School (UCP Seminole Charter School) reported a correction to beginning net assets to allocate certain capital expenditures and overhead expenses, for the prior fiscal year ended June 30, 2017. To account for this error, the beginning net position of \$435,198, as previously reported by UCP Seminole Charter School, has been decreased by \$242,070, to a beginning net position of \$193,128.

III. Detail Notes on All Activities and Funds

A. Cash Deposits with Financial Institutions

Custodial Credit Risk - Cash Deposits. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to the District. It is the policy of the District that all cash deposits are to be held in institutions which are qualified as public depositories under Florida law. The District is in compliance with this policy, and all bank balances of the District are fully insured or collateralized as required by Chapter 280, Florida Statutes.

Cash balances from all funds are combined and invested to the extent available. Earnings are allocated monthly to each fund based on average monthly balances.

Remainder of this page was intentionally left blank.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

B. Investments

As of June 30, 2018, the District had the following investments:

Primary Government

Investments	Credit Rating	Rating Agent	Fair Value
State Board of Administration:			
Florida PRIME	AAAm	S&P	\$ 9,400,251
Debt service account	(1)	(1)	153,866
Intergovernmental investment pools:			
Florida Education Investment Trust	AAAm	S&P	3,684,820
Florida Education Investment Trust - Term	AAAf	Fitch	30,242,707
Money market funds:			
Dreyfus Governmental	AAAm	S&P	48,085,339

Total investments			<u>\$229,428,574</u>

(1) Investment managed by the SBA, but is outside the scope of the District's investment policy, see Note I.F.2.

Fair Value Measurement

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets are classified into one of three levels. Level 1 is the most reliable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, in markets that are not active. Level 3 is the least reliable, and uses significant unobservable inputs that uses the best information available under the circumstances, which includes the District's own data in measuring unobservable inputs.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

B. Investments (continued)

The District has the following fair value measurements as of June 30, 2018:

Primary Government

	Amount	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments by fair value level				
SBA - Debt service accounts	\$ 153,866	\$ 153,866	\$ -	\$ -
United States Treasury securities	106,897,658	106,897,658	-	-
Obligations of U.S. government agencies and instrumentalities	24,518,199	24,518,199	-	-
Intergovernmental investment pools	33,927,527	33,927,527	-	-
Total Investments measured at fair value	<u>\$ 165,497,250</u>	<u>\$165,497,250</u>	<u>\$ -</u>	<u>\$ -</u>

Other Investments (amortized cost approximates fair value)

External investment pool:	
Florida PRIME	9,400,251
Money market funds	<u>54,531,073</u>
Total other investments	<u>63,931,324</u>
Total Investments	<u>\$ 229,428,574</u>

1. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Section 218.415(17), Florida Statutes, limits investment maturities to provide sufficient liquidity to pay obligations as they come due. District policy limits the overall length of investment maturities to up to five years, and, to the extent possible, limits the investment of current operating funds to two years. All investments, throughout the fiscal year and at year-end, were authorized in District policy.

Florida PRIME and Dreyfus Money Market Fund use a weighted-average days to maturity (WAM). A portfolio's WAM reflects the average maturity in days based on final maturity (or reset date in the case of floating rate instruments). WAM measures the sensitivity of the portfolio to interest rate changes.

For Florida PRIME, Chapter 218.409(8)(a), Florida Statutes, states that "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the executive director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the board

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA

III. Detail Notes on All Activities and Funds (continued)

B. Investments (continued)

1. Interest Rate Risk (continued)

[State Board of Administration] can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The trustees shall convene an emergency meeting as soon as practicable from the time the executive director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the executive director until the trustees are able to meet to review the necessity for the moratorium. If the trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the trustees exceed 15 days.” As of June 30, 2018, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant’s daily access to 100 percent of their account value.

The following schedule summarizes the investments held as of June 30, 2018, by annual maturity for assessing interest rate risk:

Primary Government

Investments	Total Fair Value	Investment Maturities		
		Less Than 1 Year	1 Year - 2 Years	2 Years - 3 Years
State Board of Administration:				
Florida PRIME	\$ 9,400,251	\$ 9,400,251	\$ -	\$ -

B. Investments (continued)

2. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Section 218.415(17), Florida Statutes, limits investments to the SBA's Florida PRIME, or any other intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in Section 163.01, Florida Statutes; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest bearing time deposits in qualified public depositories, as defined in Section 280.02, Florida Statutes; and direct obligations of the United States Treasury. District policy limits the investments allowed to be purchased to the following:

- SBA Florida PRIME
- United States Government Securities
- Obligations of United States Government Agencies or Instrumentalities
- Repurchase Agreements collateralized by obligations of the United States Government, its Agencies or Instrumentalities
- Time Deposit or Savings Accounts
- Intergovernmental Investment Pools
- Money Market Funds that are registered under the Federal Investment Company Act of 1940 and operate in accordance with 17 Code of Federal Regulations, Section 270.2a-7, which stipulates that money market funds must have an average, weighted maturity of 90 days or less and where the share value of the money market funds is equal to one dollar
- Commercial Paper and Bankers Acceptances that are rated at least "P-1" by Moody's and "A-1" by Standard & Poor's (S&P)
- State and/or local government taxable and/or tax-exempt debt that are rated at least "Aa" by Moody's and "AA" by S&P on long-term debt or "MIG-2" by Moody's and "SP-2" by S&P on short-term debt.

The District's investments in the SBA debt service accounts are to provide for debt service payments on bond debt issued by the SBE for the benefit of the District. The District relies on policies developed by the SBA for managing interest rate risk and credit risk for this account. Disclosures for the Debt Service Accounts are included in the notes to financial statements of the State's Comprehensive Annual Financial Report.

The District's investment in the Dreyfus Governmental Money Market Fund is AAAM rated by S&P, and the investments in the Federal Home Loan Bank, Federal National Mortgage Association, and the Federal Home Loan Mortgage Corporation, are rated AA+ by S&P and Aaa by Moody's Investors Service.

3. Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the District will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. Section 218.415(18), Florida Statutes,

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

B. Investments (continued)

3. Custodial Rate Risk (continued)

requires the District to earmark all investments and (1) if registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a location that protects the governing body's interest in the security; (2) if in book entry form, the investment must be held for the credit of the governing body by a depository chartered by the Federal Government, the State, or any other state or territory of the United States which has a branch or principal place of business in this State, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in this State, and must be kept by the depository in an account separate and apart from the assets of the financial institution; or (3) if physically issued to the holder but not registered with the issuer or its agents, the investment must be immediately placed for safekeeping in a secured vault.

District policy requires that all investments, other than investments in money market funds, FEIT, and the SBA, be held in the District's name in custodial and/or trustee accounts by an independent custodial bank. The District is in compliance with this policy and all applicable investments are held by an independent custodial bank.

4. Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. Composition of investment portfolio, calculated based on the fair value, is limited by District policy.

District policy places the following limits on concentration of investments by type and issuer:

Allowed Securities With Credit Exposure as a Percentage of Total Investments		
Type of Investment	Per Issuer Maximum	Percentage In Total
SBA Florida PRIME	*	50%
United States Government Securities	*	100%
Obligations of United States Government Agencies	40%	80%
Obligations of United States Government Instrumentalities	40%	80%

Total depreciation and amortization expense	<u>\$ 32,658,140</u>

E. Retirement Plans

1. FRS – General Information

The FRS was created by Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree HIS Program, a cost-sharing multiple-employer defined benefit pension plan to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the District are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122,

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

1. FRS – General Information (continued)

Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services Web site (www.dms.myflorida.com).

The District's FRS and HIS pension expense totaled \$41,485,344 for the fiscal year ended June 30, 2018.

2. FRS – Defined Benefit Pension Plans

The FRS Pension Plan

Plan Description. The FRS Pension Plan ("The Plan") is a cost-sharing, multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership are as follows:

- Regular – Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers – Members who hold specified elective offices in local government.
- Senior Management Service – Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members who enrolled prior to July 1, 2011 are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost of living adjustments to eligible participants.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS – Defined Benefit Pension Plans (continued)

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in line of duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>Percent Value</u>
Regular Class members initially enrolled before July 1, 2011	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
Regular Class members initially enrolled on or after July 1, 2011	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
Elected County Officers	3.00
Senior Management Service Class	2.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost of living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost of living

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS – Defined Benefit Pension Plans (continued)

adjustment. The annual cost of living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost of living adjustment after retirement.

Contributions. The State of Florida establishes contribution rates for participating employers and employees. The District's employer and employee contribution rates are established in Section 121.71, Florida Statutes. Employer contribution rates under the uniform rate structure (a blending of both the FRS Pension Plan and Investment Plan rates) are recommended by the Plan actuary but set by the Legislature. Statutes require any unfunded actuarial liability be amortized over 30 plan years. Contribution rates during the 2017-18 fiscal year were as follows:

Class	Percent of Gross Salary	
	Employee	Employer (A)
Florida Retirement System, Regular	3.00	7.92
Florida Retirement System, Elected County Officers	3.00	45.50
Florida Retirement System, Senior Management Service	3.00	22.71
Deferred Retirement Option Program - Applicable to Members from All of the Above Classes	0.00	13.26
Florida Retirement System, Reemployed Retiree	(B)	(B)

(A) Employer rates include 1.66 percent for the retiree HIS program. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

(B) Contribution rates are dependent upon the retirement class in which the employee was reemployed.

The District's contributions to the FRS Pension Plan totaled \$20,173,317 for the fiscal year ended June 30, 2018.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2018, the District reported a liability of \$211,103,398 for its proportionate share of the FRS Pension Plan net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The District's proportionate share of the net pension liability was based on the District's 2016-17 fiscal year contributions relative to the total 2016-17 fiscal year contributions of all participating members. At June 30, 2017, the District's proportionate share was 0.713685551 percent, which was a decrease of 0.037169603 percent from its proportionate share measured as of June 30, 2016.

III. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS – Defined Benefit Pension Plans (continued)

For the year ended June 30, 2018, the District recognized the Plan pension expense of \$33,949,648. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 19,374,212	\$ 1,169,404
Changes in assumptions	70,945,645	-
Net difference between projected and actual earnings on pension plan investments	-	5,231,670
Changes in proportion and differences between District contributions and proportionate share of contributions	2,937,397	11,274,696
District contributions subsequent to the measurement date	20,173,317	-
Total	\$ 113,430,571	\$ 17,675,770

The deferred outflows of resources related to pensions resulting from District contributions to the Plan subsequent to the measurement date, totaling \$20,173,317, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year	Amount
Ending June 30,	Recognized
2019	\$ 9,865,318
2020	26,221,312
2021	18,333,968
2022	3,746,063
2023	12,669,970
Thereafter	4,744,853
Total	\$ 75,581,484

2. FRS - Defined Benefit Pension Plans (continued)

Actuarial Assumptions. The total pension liability for the FRS Pension Plan was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below.

Valuation date	July 1, 2017
Measurement date	June 30, 2017
Discount rate	7.10%
Long-term expected rate of return, net of investment expense	7.10%
Municipal bond rate	N/A
Inflation	2.60%
Salary increase, including inflation	3.25%
Mortality	Generational RP-2000 with Projection Scale BB
Actuarial cost method	Individual Entry Age

The actuarial assumptions used in the July 1, 2017, valuation were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

Long-term Expected Rate of Return. The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	3.0%	3.0%	1.8%
Fixed Income	18.0%	4.5%	4.4%	4.2%
Global Equity	53.0%	7.8%	6.6%	17.0%
Real Estate (Property)	10.0%	6.6%	5.9%	12.8%
Private Equity	6.0%	11.5%	7.8%	30.0%
Strategic Investments	12.0%	6.1%	5.6%	9.7%
Total	<u>100.0%</u>			
Assumed Inflation - Mean			2.6%	1.9%

Note: Target Allocation is outlined in the Plan's investment policy.

III. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS - Defined Benefit Pension Plans (continued)

Discount Rate. The discount rate used to measure the total pension liability was 7.1 percent. The Plan disclosed above is based on a projection of cash flows that assumed that employee contributions will be made at the current contribution rate and that contributions from participating members will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate used in the 2017 valuation was updated from 7.6 percent to 7.1 percent.

Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability of the FRS Pension Plan calculated using the discount rate of 7.10 percent. Also presented is what the District's proportionate share of the FRS Pension Plan net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.10 percent) or 1 percentage point higher (8.10 percent) than the current rate:

	1% Decrease (6.10%)	Current Discount Rate (7.10%)	1% Increase (8.10%)
District's proportionate share of the FRS Pension Plan net pension liability	\$ 382,084,399	\$ 211,103,398	\$ 69,149,992

Pension Plan Fiduciary Net Position. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

E. Retirement Plans (continued)

2. FRS - Defined Benefit Pension Plans (continued)

The HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. Persons are eligible for HIS payments who are retired under a state-administered retirement system, or a beneficiary who is a spouse or financial dependent entitled to receive benefits under a state-administered retirement system except those individuals who are pension recipients under Sections 121.40, 237.08(18)(a) and 250.22, Florida Statutes, or recipients of health insurance coverage under Section 110.1232, Florida Statutes or any other special pension or relief act are not eligible for such pension payments. A person is deemed retired from a state-administered retirement system when they terminate employment with all employers participating in the FRS and:

- For a member of the FRS investment plan, the participant meets the age or service requirements to qualify for normal retirement per Section 121.021(29), Florida Statutes, and meets the definition of retiree in Section 121.4501(2), Florida Statutes.
- For a member of the FRS defined benefit pension plan, or any employee who maintains creditable service under the pension plan and the investment plan, the member begins drawing retirement benefits from the pension plan.

Any person retiring on or after July 1, 2001, as a member of the FRS, including a member of the investment plan, must satisfy the vesting requirements for his or her membership class under the pension plan as administered under Chapter 121, Florida Statutes. Any person retiring due to disability must qualify for a regular or in-line-of-duty disability benefit per provisions under Chapter 112, Florida Statutes.

Benefits Provided. The benefit of the HIS Plan is a monthly payment to assist retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Department of Management Services, Division of Retirement. HIS benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

For the fiscal year ended June 30, 2018, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$5. The payments are at least \$30 but not more than \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive an HIS benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which can include Federal Medicare. Terms of the benefits provided by the Plan may be amended only by the State Legislature with a change in the Statutes governing the Plan.

Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS - Defined Benefit Pension Plans (continued)

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended June 30, 2018, the contribution rate was 1.66 percent of payroll pursuant to Section 112.363, Florida Statutes. The District contributed 100 percent of its statutorily required contributions for the current and preceding 4 years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized.

The District's contributions to the HIS Pension Plan totaled \$5,369,124 for the fiscal year ended June 30, 2018.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2018, the District reported a net pension liability of \$106,717,839 for its proportionate share of the HIS Plan's net pension liability. The current portion of the net pension liability is the District's proportionate share of benefit payments expected to be paid within 1 year, net of the District's proportionate share of the HIS plan's fiduciary net position available to pay that amount. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016, and update procedures were used to determine liabilities as of July 1, 2017. The District's proportionate share of the net pension liability was based on the District's 2016-17 fiscal year contributions relative to the total 2016-17 fiscal year contributions of all participating members. At June 30, 2017, the District's proportionate share was 0.998066166 percent, which was a decrease of 0.045099565 from its proportionate share measured as of June 30, 2016.

Remainder of this page was intentionally left blank.

E. Retirement Plans (continued)

2. FRS - Defined Benefit Pension Plans (continued)

For the year ended June 30, 2018, the District recognized HIS Plan pension expense of \$7,535,696. In addition, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 222,204
Changes in assumptions	15,000,859	9,228,005
Net difference between projected and actual earnings on pension plan investments	59,183	-
Changes in proportion and differences between District contributions and proportionate share of contributions	697,559	4,415,464
District contributions subsequent to the measurement date	5,369,124	-
Total	\$ 21,126,725	\$ 13,865,673

The deferred outflows of resources related to pensions resulting from District contributions to the HIS Plan subsequent to the measurement date, totaling \$5,369,124, will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year	Amount
Ending June 30,	Recognized
2019	\$ 589,791
2020	586,014
2021	584,201
2022	437,983
2023	172,721
Thereafter	(478,782)
Total	\$ 1,891,928

Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

2. FRS - Defined Benefit Pension Plans (continued)

Actuarial Assumptions. The total pension liability for the HIS Pension Plan was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below, and was then projected to the measurement date.

Valuation date	July 1, 2016
Measurement date	June 30, 2017
Discount rate	3.58%
Long-term expected rate of return, net of investment expense	N/A
Municipal bond rate	3.58%
Inflation	2.60%
Salary increase, including inflation	3.25%
Mortality	Generational RP-2000 with Projection Scale BB
Actuarial cost method	Individual Entry Age

The actuarial assumptions that determined the total pension liability of the HIS Plan as of June 30, 2017, were based on certain results of the most recent experience study for the FRS Plan.

Discount Rate. The discount rate used to measure the total pension liability was 3.58 percent. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate used in the 2017 valuation update procedures was updated from 2.85 percent to 3.58 percent.

Long-Term Expected Rate of Return. As stated above, the HIS Plan is essentially funded on a pay-as-you-go basis. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumptions for cash flows into and out of the pension plan, or assumed asset allocation.

Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate. The following presents the District's proportionate share of the net pension liability of the HIS Plan calculated using the discount rate of 3.58 percent. Also presented is what the District's proportionate share of the HIS Plan net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.58 percent) or 1 percentage point higher (4.58 percent) than the current rate:

2. FRS - Defined Benefit Pension Plans (continued)

	1% Decrease (2.58%)	Current Discount Rate (3.58%)	1% Increase (4.58%)
District's proportionate share of the HIS Pension Plan net pension liability	\$ 121,779,187	\$ 106,717,839	\$ 94,172,569

Pension Plan Fiduciary Net Position. Detailed information about HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

3. FRS - Defined Contribution Pension Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Retirement benefits are based upon the value of the member's account upon retirement. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of plan members.

Allocations to the Investment Plan members' accounts during the 2017-18 fiscal year were as follows:

Class	Percent of Gross Salary
Florida Retirement System, Regular	6.30
Florida Retirement System, Elected County Officers	11.34
Florida Retirement System, Senior Management Service	7.67

Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

E. Retirement Plans (continued)

3. FRS - Defined Contribution Pension Plan (continued)

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings, regardless of membership class. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2018, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The District's Investment Plan pension expense totaled \$2,116,495 for the fiscal year ended June 30, 2018.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

F. Other Postemployment Benefits (OPEB) Obligations

Plan Description. The Other Postemployment Benefits Plan (OPEB Plan) is a single-employer defined benefit plan administered by the District that provides OPEB for all employees who satisfy the District's retirement eligibility provisions. Pursuant to Section 112.0801, Florida Statutes, employees who retire from the District are eligible to participate in the District's health and hospitalization plan for medical, prescription drug, and life coverage. Retirees and their eligible dependents shall be offered the same health and hospitalization insurance coverage as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. The District implicitly subsidizes the premium rates paid by pre-Medicare retirees by allowing them to participate in the OPEB Plan at reduced or blended group premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because retiree healthcare costs are generally greater than active employee healthcare costs. Plan contribution requirements of the District and OPEB Plan members are established and may be amended through recommendations of the Insurance Committee and action from the Board. The OPEB Plan does not issue a stand-alone report, and is not included in the report of a public employee retirement system or other entity. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Benefit Terms. The OPEB Plan provides healthcare and life insurance benefits for retirees and their dependents. The OPEB Plan only provides an implicit subsidy as described above. For retiree life insurance, retirees pay 100% of the life insurance premium, and their premium rates are not subsidized by the District. With regard to healthcare insurance benefits, retirees are assumed to enroll in the Federal Medicare program for their primary coverage as soon as they are eligible.

Employees Covered. As of July 1, 2017, the valuation date, there were 6,341 active participants, 198 pre-Medicare inactive participants (retirees), and 9 over-65 non-Medicare retirees receiving postemployment healthcare benefits. The District contributed \$1,623,076 toward annual OPEB costs, comprising benefit payments made on behalf of the retirees for claims expense, retention costs, and net of retiree contributions totaling \$4,010,743. Required contributions are based on projected pay-as-you-go financing. The District has not advance-funded or established a funding methodology for the annual OPEB costs or the OPEB liability.

Total OPEB Liability. The District's total OPEB liability of \$25,560,935 was measured as of July 1, 2017, and was determined by an actuarial valuation as of July 1, 2017.

Actuarial Methods and Assumptions. Actuarial valuations of an ongoing OPEB plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, future insurance election rates, mortality, and healthcare cost trends. The liabilities of the OPEB Plan are subject to continual revision, as actual results are compared with past expectations and new estimates are made about the future. The Other Postemployment Benefits Liability and Related Ratios Schedule, immediately following the notes to the financial statements as required supplementary information, presents information about whether the actuarial value of OPEB liability is increasing or decreasing over time.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

F. Other Postemployment Benefits (OPEB) Obligations (continued)

Projections of benefits for financial reporting purposes are based on the substantive OPEB Plan provisions, as understood by the employer and participating members, and include the type of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and participating members. The actuary provided guidance with respect to the economic assumptions, demographic assumptions, and the health care participation rate assumption.

Actuarial Assumptions and Other Inputs. The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Discount Rate	2.25%
Bond Buyer GO-20 Municipal Bond Rate	3.60%
Municipal Bond Rate Basis	S&P average rating AA
Salary Increases	3.0 percent average
Average Service Life	14 years
Mortality Rates	Static mortality rates based on Mortality Table RP-2014 updated with the Mortality Improvement Scale MP-2014.
Healthcare Cost Trend Rates	
Retirement Age: Pre & Post-65	4.0 percent increase for 2018, 8.0 percent for 2019, average increase of 6.1 percent per year in 2020-26, and 5.0 percent thereafter
Current Retirees Acceptance Rate	Pre-Medicare 54.0 percent and 0 percent for post-Medicare retirees
Retiree Duration	4 additional years or to age 65, whichever is less.
Projected Retiree Healthcare Contributions	A weighted average with weights derived from the current distribution of members among plans offered:
Retiree Premium Contributions	
Pre-Medicare	\$739 High Deductible Health Plan \$756 Open Access Buy-up Plan
Medicare One Participant	\$598 High Deductible Health Plan \$615 Open Access Buy-up Plan
Spouse Premium Contributions	
Pre-Medicare	\$812 High Deductible Health Plan \$831 Open Access Buy-up Plan
Medicare One Participant	\$813 High Deductible Health Plan \$832 Open Access Buy-up Plan
Administrative Expenses	0 percent
Actuarial Cost Method	Entry Age Normal cost method
Measurement Date	July 1, 2017
Reporting Date	June 30, 2018
Valuation Date	July 1, 2017
Census Data	May 31, 2018

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA

June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

F. Other Postemployment Benefits (OPEB) Obligations (continued)

Changes to the Total OPEB Liability. Below are the details regarding the total OPEB liability for the measurement period from July 1, 2016, to July 1, 2017.

	Total OPEB Liability
Balance Recognized at 06/30/2017 as Restated	\$ 39,559,332
Changes for the Fiscal Year:	
Service cost	1,326,710
Interest on the total liability	788,223
Changes of benefit terms	-
Difference between expected and actual experience	(3,469,268)
Changes of assumptions or other inputs	(11,020,986)
Benefit payments	(1,623,076)
Net change in total OPEB liability	(13,998,397)
Balance at 06/30/2018	\$ 25,560,935

Changes of assumptions and other inputs reflect a change in the discount rate from 2.0 percent as of June 30, 2017, to 2.25 percent as of June 30, 2018. In addition, adjustments for survival benefits, adjustments to account for no premium reimbursement benefits for Medicare retirees, and the Age-sex Adjustment table were revised as of June 30, 2018.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following table presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.25 percent) or 1 percentage point higher (3.25 percent) than the current discount rate:

	Decrease (1.25%)	Discount Rate (2.25%)	Increase (3.25%)
Total OPEB Liability	\$ 25,723,378	\$ 25,560,936	\$ 24,618,612

Remainder of this page was intentionally left blank.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA

F. Other Postemployment Benefits (OPEB) Obligations (continued)

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend. The following presents the total OPEB liability of the District using the 2018 healthcare cost trend rate of 4 percent, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower and 1 percentage point higher than the current healthcare cost trend rates:

	Healthcare cost		
	1% Decrease	Trend Rate	1% Increase
Total OPEB Liability	\$ 23,543,275	\$ 25,560,936	\$ 27,838,791

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. For the fiscal year ended June 30, 2018, the District recognized OPEB expense of \$425,011. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 3,469,268
Changes in assumptions	-	11,020,986
Benefits paid subsequent to the measurement date	916,868	-
Total	\$ 916,868	\$ 14,490,254

Of the total amount reported as deferred outflows of resources related to OPEB, \$916,868 resulting from benefits paid subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the total OPEB liability in the year ended June 30, 2019. Amounts recognized in the deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the OPEB expense as follows:

Fiscal Year	Amount
Ending June 30,	Expense
2019	\$ (1,035,018)
2020	(1,035,018)
2021	(1,035,018)
2022	(1,035,018)
2023	(1,035,018)
Thereafter	(9,315,164)
Total	\$ (14,490,254)

Contractor	43,500,000	41,194,042	2,305,958
Engineering and Technical Services	2,591,844	2,357,389	234,455
Seminole High School Auto Building & 9th Grade Center			
Contractor	7,740,813	4,965,443	2,775,370
Engineering and Technical Services	809,249	716,130	93,119
Carillon Elementary School Roof Replacement			
Contractor	2,042,000	722,024	1,319,976
Engineering and Technical Services	-	-	-

* Lake Brantley ES building 5 replacement phase II - contractor was board approved after June 30, 2018 fiscal year end.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

H. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Workers' compensation, automobile liability, professional liability, and general liability coverage are being provided on a self-insured basis up to specified limits. The District entered into agreements with various insurance companies to provide specific excess coverage of claims amounts above the stated amount on an individual claim basis and aggregate excess coverage when total claims minus specific excess coverage exceeds the loss fund established annually by the District. The District contracted with an insurance administrator to administer these self-insurance programs, including the processing, investigating, and payment of claims.

The District retains \$500,000 per occurrence for workers' compensation liability, \$100,000 per occurrence for errors and omissions exposure, and \$200,000 per occurrence for automobile and general liability exposures. The District retains \$100,000 per occurrence for property damage other than named storms (hurricanes, etc.); for named storms the District's retention is 2 percent of the total insured value per building, with a per claim cap of \$10,000,000. Settled claims resulting from risks described in this section have not exceeded commercial insurance coverage for the past three fiscal years.

The District provides coverage for health and hospitalization through a self-insurance program administered by an outside provider. Coverage for prescription drugs is provided through a self-insurance program administered by an outside provider.

Both health and hospitalization claims and prescription drug claims are limited to a specified amount per person and/or per plan year, due to stop-loss insurance coverages being purchased from a commercial insurance provider. The first stop-loss insurance coverage is individual stop-loss coverage that reimburses claims in excess of \$400,000 per person per plan year, including prescription drug claims.

The District reports the self-insurance programs in the Internal Service Funds. Amounts are transferred from the General Fund to the Internal Service Funds to provide sufficient resources to cover claims incurred, pay for the purchase of excess and/or stop-loss insurance, pay for risk management personnel expenses and pay the insurance service agent's administrative fee.

A liability in the amount of \$9,984,323 was actuarially determined to cover outstanding claims and estimated incurred, but not reported, insurance claims payable for the Self-Insurance - Casualty, Liability, and Workers' Compensation Fund, at June 30, 2018, and is net of \$0 of excess insurance recoverable on unpaid claims. A liability in the amount of \$4,298,867 was actuarially determined to cover outstanding claims and estimated incurred, but not reported, insurance claims payable at June 30, 2018, for the Self-Insurance - Health Fund.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

H. Risk Management (continued)

The estimates of the insurance claims payable also include allocated loss adjustment expenses (incremental claims adjustment expenses). Allocated loss adjustment expense provides for all expenses associated with the handling and settling of claims that can be directly attributable to a particular claim. Such expenses typically include legal fees, investigatory expenses, expert witness fees, etc. No other costs associated with the District's insurance program have been considered in determining the insurance claims payable.

The following schedules represent the changes in claims liability for the past two fiscal years for the District's Self-Insurance Programs:

Casualty, Liability, and Workers' Compensation Self-Insurance Fund:

Fiscal Year	Balance at Fiscal Year Beginning	Current Year Claims and Changes in Estimates	Current Year Claims Payments	Balance at Fiscal Year End
2016 - 2017	\$ 9,372,156	\$ 4,470,948	\$ (2,997,135)	\$ 10,845,969
2017 - 2018	10,845,969	3,447,460	(4,309,106)	9,984,323

Health Self-Insurance Fund:

Fiscal Year	Balance at Fiscal Year Beginning	Current Year Claims and Changes in Estimates	Current Year Claims Payments	Balance at Fiscal Year End
2016 - 2017	\$ 4,870,833	\$ 41,437,376	\$ (42,287,211)	\$ 4,020,998
2017 - 2018	4,020,998	46,841,545	(46,563,676)	4,298,867

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

I. Long-Term Liabilities

1. Certificates of Participation

The District entered into a financing arrangement on April 1, 1994, characterized as a lease-purchase agreement, with the Seminole School Board Leasing Corporation, Inc. (Leasing Corporation), whereby the District secured financing of various educational facilities and equipment in the total amount of \$309,270,000. This financing was accomplished through the issuance of Certificates of Participation, Series 1994A for \$80,230,000; Series 1994B for \$33,165,000; Series 1998A for \$76,870,000; Series 2003B for \$36,015,000; Series 2004A for \$35,020,000; Series 2006A for \$27,295,000; Series 2009A for \$20,675,000; and Series 2016C for \$50,555,000 to be repaid from the proceeds of rents paid by the District.

The District has the following ground leases at June 30, 2018:

Certificates of Participation	Refunded by	Ground Lease	
		Commencement Date	Run Through (1)
Series 1994A	Series 2017A	April 1, 1994	June 30, 2024
Series 1994B	Series 2015A	November 1, 1994	June 30, 2026
Series 1998A	Series 2016A	February 1, 1998	June 30, 2028
Series 2003B	Series 2012A	November 1, 2003	June 30, 2029
Series 2004A	Series 2012B	August 25, 2004	June 30, 2034
Series 2006A	Series 2014A	April 1, 2006	June 30, 2036
Series 2009A*	Series 2016B	May 1, 2009	June 30, 2034
Series 2016C		November 17, 2016	June 30, 2041

* Series 2009A was partially refunded by Refunding Series 2016B Certificates in the 2015-16 fiscal year.

Note 1: Ground leases run until the certificates are paid or the date shown, whichever is the earliest.

Remainder of this page was intentionally left blank.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

I. Long-Term Liabilities (continued)

1. Certificates of Participation (continued)

The District properties included in the ground leases under this arrangement include:

Series 2009A Certificates

Endeavor Special Needs Center
School Bus Parking Facility
District Alternative Discipline Program Center

Refunding Series 2012A Certificates

Hagerty High School
Midway Elementary School

Refunding Series 2012B Certificates

Tuskawilla Middle School
Crystal Lake Elementary

Refunding Series 2014A Certificates

Oviedo High School Improvements
Seminole High School (Buildings 14 & 16)

Refunding Series 2015A Certificates

Carillon Elementary School
Highlands Elementary School
Teague Middle School

Refunding Series 2016A Certificates

Lake Brantley High School
Goldsboro Elementary School Additions
Millennium Middle School
Woodlands Elementary School

Refunding Series 2016B Certificates

Endeavor Special Needs Center
School Bus Parking Facility
District Alternative Discipline Program Center

Series 2016C Certificates

Millennium Middle School
Longwood Elementary Renovation

Refunding Series 2017A Certificates

Winter Springs High School
Educational Services Center
South Seminole Middle School
Lake Howell High School Additions
Wicklow Elementary School
Seminole High School (Health Academy)

As a condition of the financing arrangement, the District has given ground leases on District property to the Leasing Corporation, with rental fees of \$1 per year. The properties covered by the ground leases are, together with the improvements constructed thereon from the financing proceeds, leased back to the District. If the District fails to renew the leases and to provide for the rent payments through to term, the District may be required to surrender the sites included under the Ground Lease Agreement for the benefit of the securers of the certificates for a period of time as specified by the arrangements.

III. Detail Notes on All Activities and Funds (continued)

I. Long-Term Liabilities (continued)

1. Certificates of Participation (continued)

The lease payments are payable by the District semiannually, on January 1 and July 1. The following is a schedule by years of future minimum lease payments under the lease agreements, together with the present value of the minimum lease payments as of June 30, 2018:

Fiscal Year Ending June 30,	Certificates of Participation		
	Principal	Interest	Total
2019	\$ 17,645,000	\$ 6,275,221	\$ 23,920,221
2020	17,215,000	5,790,568	23,005,568
2021	15,015,000	5,148,178	20,163,178
2022	13,225,000	4,620,806	17,845,806
2023	20,475,000	4,136,046	24,611,046
2024-2028	45,140,000	11,737,271	56,877,271
2029-2033	21,370,000	4,765,402	26,135,402
2034-2036	8,920,000	906,500	9,826,500
Total minimum lease payments	<u>\$ 159,005,000</u>	<u>\$ 43,379,992</u>	<u>\$ 202,384,992</u>

2. Bonds Payable

Bonds payable, consisting solely of State School Bonds, at June 30, 2018, are as follows:

Series	Amount Issued	Amount Outstanding	Remaining Interest Rates (Percent)	Annual Maturity To
State school bonds:				
Refunding Series 2009-A	\$ 1,245,000	\$ 150,000	5.00	2019
Refunding Series 2010-A	575,000	290,000	4.00 - 5.00	2022
Refunding Series 2011-A	3,030,000	660,000	3.00 - 5.00	2023
Refunding Series 2014-A	925,000	673,000	3.00 - 5.00	2025
Refunding Series 2014-B	1,466,000	114,000	2.00 - 5.00	2020
Refunding Series 2017-A	4,376,000	4,376,000	3.00 - 5.00	2028
Total bonds payable	<u>\$ 11,617,000</u>	<u>\$ 6,263,000</u>		

The various issues of State School Bonds were issued to finance capital outlay projects of the District or refund previously issued State School Bonds. These bonds are issued by the State Board of Education (SBE) on behalf of the District. The bonds mature serially, and are secured

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements

III. Detail Notes on All Activities and Funds (continued)

I. Long-Term Liabilities (continued)

2. Bonds Payable (continued)

by a pledge of the District's portion of the state-assessed motor vehicle license tax. The state's full faith and credit is also pledged as security for these bonds. Principal and interest payments, investment of Debt Service fund resources, and compliance with reserve requirements are administered by the SBE and the SBA.

Annual requirements to amortize all bonded debt outstanding as of June 30, 2018, are as follows:

Fiscal Year Ending June 30,	State School Bonds Payable		
	Principal	Interest	Total
2019	\$ 759,000	\$ 291,040	\$ 1,050,040
2020	659,000	253,740	912,740
2021	649,000	222,530	871,530
2022	705,000	190,080	895,080
2023	673,000	157,730	830,730
2024-2028	2,818,000	363,480	3,181,480
Total bonds payable	<u>\$ 6,263,000</u>	<u>\$ 1,478,600</u>	<u>\$ 7,741,600</u>

3. Defeased Debt and Refunding

The FDOE SBE, issued Capital Outlay Bonds, Refunding Series 2017A, on April 27, 2017, for \$35,805,000. A portion of the proceeds was used to refund \$29,840,000 of the SBE, Capital Outlay Bonds, Series 2008A on April 27, 2017, and \$29,840,000 was placed in a trust account to advance refund the SBE, Capital Outlay Bonds, Series 2008A bonds. The District's portion of Series 2017A bonds totaled \$4,376,000 and was used to advance refund the District's portion (\$4,835,000) of Series 2008A bonds on April 27, 2017. The District's pro rata share of the net proceeds of the Series 2017A bonds was \$5,019,919 (including a premium at issuance of \$667,666 and after deduction of \$23,747 by the SBE for the District's pro rata share of underwriting fees, insurance, and other issuance cost). The proceeds of \$5,019,919 have been placed in a trust account to partially refund the Series 2008A bonds that mature on or after January 1, 2019, and was called on January 1, 2018. As a result, the refunding of \$4,835,000 representing the District's portion of Series 2008A bonds are considered to be in-substance defeased and the liability for these bonds has been removed from the government-wide financial statements.

K. Revenues (continued)

Accounting policies relating to certain State revenue sources are described in note I.H.2.

Property Taxes

The following is a summary of millages and taxes levied on the 2017 tax roll for the 2017-18 fiscal year:

	Millages	Taxes Levied
<u>General Fund</u>		
Nonvoted school tax:		
Required local effort	4.321	\$ 144,714,625
Discretionary operating	0.748	25,051,270
<u>Local Capital Improvement Tax Fund</u>		
Nonvoted tax:		
Local capital improvements	1.500	50,236,506
Total	6.569	\$ 220,002,401

Accounting policies relating to District Property Taxes revenue recognition are described in Note I.H.3.

L. Interfund Transfers

The following is a summary of interfund transfers reported in the fund financial statements:

Funds	Transfers In	Transfers Out
Major:		
General Fund	\$ 9,009,148	\$ -
Debt Service - Certificates of Participation Fund	23,934,698	-
Capital Projects - Other Capital Improvement Funds	-	4,794,112
Capital Projects - §1011.71(2) Local Capital Improvement Tax Fund	-	25,782,638
Nonmajor governmental funds	-	2,124,060
Internal service funds	-	243,036
Total	\$ 32,943,846	\$ 32,943,846

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Financial Statements
June 30, 2018

III. Detail Notes on All Activities and Funds (continued)

L. Interfund Transfers (continued)

The majority of the transfers out of the capital project funds and nonmajor governmental funds were to provide debt service principal and interest payments and to assist in funding maintenance operations of the District. The remaining transfers between funds were operational in nature.

IV. Summary Disclosure of Significant Contingencies

A. Litigation

The School Board is a defendant in various lawsuits at fiscal year-end. Although the outcome of these lawsuits cannot presently be determined, in the opinion of the District's legal counsel, the resolution of these matters will not have a material adverse effect on the financial position of the District.

B. Other Loss Contingencies

The District received financial assistance from Federal and State agencies in the form of grants and appropriations. The disbursement of funds received under these programs generally requires compliance with specified terms and conditions and is subject to final determination by the applicable Federal and State agencies. Any disallowed claims should become a liability of the General Fund or other applicable funds. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although District management anticipates such amounts, if any, will be immaterial.

Other Postemployment Benefits Liability and Related Ratios

	2018	2017
Service cost	\$ 1,326,710	NA
Interest	788,223	NA
Changes of benefit terms	-	NA
Difference between expected and actual experience	(3,469,268)	NA
Changes of assumptions or other inputs	(11,020,986)	NA
Benefit payments	(1,623,076)	NA
Net change in total OPEB liability	(13,998,397)	NA
Total OPEB liability - beginning	39,559,332	NA
Total OPEB liability - ending	\$ 25,560,935	\$ 39,559,332
Covered-employee payroll	\$ 336,294,232	\$ 333,997,536
Total OPEB liability as a percentage of covered-employee payroll	7.60%	11.84%

Notes:

- 1) Beginning July 1, 2015, the actuary used the methodology of entry age normal cost method for the evaluation. This method was required to comply with GASB Statement No. 75 that went into effect for the fiscal year ending June 30, 2018. The entry age normal actuarial cost method spreads gains/losses over several years and thereby reduces year-to-year fluctuations in the results.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Required Supplementary Information
For the Year Ended June 30, 2018

1. Schedule of Changes in the District's Total Other Postemployment Benefits Plan Liability and Related Ratios

The July 1, 2017, the OPEB liability of \$25,560,935 was less than the July 1, 2016, liability of \$39,559,332 by \$13,998,397. Changes in method and actuarial assumptions are described below:

Method Changes. There was a change in the Government Accounting Standards that were used to develop the current actuarial report. The prior actuarial report was based on GASB Statement No. 45, while the current actuarial report is based on GASB Statement No. 75. This change is a result of the adoption of GASB Statement No. 75 for the fiscal year ended June 30, 2018.

Changes in assumptions. The discount rate changed from 2.0 percent as of June 30, 2017, to 2.25 percent as of June 30, 2018. In addition, adjustments for survival benefits, adjustments to account for no premium reimbursement benefits for Medicare retirees, and the Age-sex Adjustment table were revised as of June 30, 2018. Additional information on actuarial assumptions and other inputs can be found in the notes to the financial statements III. F.

2. Schedule of Net Pension Liability and Schedule of Contributions – Florida Retirement System Pension Plan

Change of Assumptions. The discount rate decreased from 7.60 percent to 7.10 percent and the active member mortality assumption was updated.

3. Schedule of Net Pension Liability and Schedule of Contributions – Health Insurance Subsidy Pension Plan

Change of Assumptions. The municipal bond rate used to determine total pension liability was increased from 2.85 percent to 3.58 percent.

**OTHER SUPPLEMENTARY INFORMATION –
COMBINING AND INDIVIDUAL FUND
STATEMENTS AND SCHEDULES**

Other Supplementary Schedule General Fund

The General Fund budgetary comparison statement presented within the basic financial statements was presented at a summary level that is higher than which the District has budgetary control. Therefore, a more detailed budgetary comparison schedule is provided as part of the other supplementary schedules to demonstrate the District's compliance with its legal level of budgetary control (i.e., the object level within each function) for the General Fund.

The General Fund is the primary operating fund of the District. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in the General Fund. The General Fund is reported as a major governmental fund.

Other Supplementary Schedules Governmental Funds other than General Fund

Combining Statements

Included in the other supplementary schedules are combining statements for nonmajor governmental funds. These statements provide information on each individual nonmajor governmental fund that aggregates to the total presented as nonmajor governmental funds on the basic financial statements.

Individual Budgetary Comparison Schedules

Also included in the other supplementary schedules are budgetary comparison schedules for all governmental funds.

For nonmajor special revenue funds, all debt service funds, and all capital projects funds, budgetary comparison statements were not presented as part of the basic financial statements. Budgetary comparison schedules are presented as part of the other supplementary schedule for each of these funds to demonstrate the District's compliance with its budget in each fund.

SEMINOLE COUNTY
PUBLIC SCHOOLS

Nonmajor Governmental Funds

Special Revenue Funds

The Special Revenue Funds account for certain revenues derived from the State of Florida, the Federal Government and other local and private sources that are required to finance designated activities.

Contract Programs Fund – To account for and report on activities of various programs and grants received from various Federal, State and other funding sources according to the specifications and requirements of each funding source.

Food Service Fund – To account for and report on activities of the food service program in serving breakfast and lunch at the schools.

Debt Service Funds

The Debt Service Funds are used to account for the payment of interest and principal of the current portion on long-term debt.

State Board of Education (SBE) Bond Fund – To account for and report on payment of principal, interest, and related costs on the state school bonds issued by the State Board of Education on behalf of the District. These bonds are payable from the District's portion of the state-assessed motor vehicle license tax.

Capital Projects Funds

The Capital Projects Funds are used to account for the financing and acquisition or construction of major capital facilities, such as new school buildings or additions to existing buildings, or for major renovation projects.

Capital Outlay & Debt Service Fund – To account for and report on the dollars received through the State's Capital Outlay & Debt Service (CO&DS) program, used for construction and maintenance of schools.

Public Education Capital Outlay Fund – To account for and report on the dollars received through the State's Public Education Capital Outlay program, used for construction and maintenance of schools.

Internal Service Funds

Internal Service Funds are nonmajor proprietary funds and are reported as governmental activities. They are used to account for the financing of goods or services provided by one department to other departments within the school district on a cost-reimbursement basis. The following funds are included in the Internal Service Funds:

Self-Insurance – Casualty, Liability, etc. – To account for the financial activities of the District's self-insured property, casualty, liability, and workers' compensation program.

Self-Insurance – Health – To account for the financial activities of the District's self-insured employee prescription, health and hospitalization insurance program.

Print Shop – To account for the financial activities of the District's print center operations.

Computer Store – To account for the financial activities of the District's centralized computer purchase, preparation and software installation program.

Fiduciary Funds - Agency Funds

Agency Funds are Fiduciary Funds and are used to account for resources held by the District in a trustee capacity or as an agent for individuals or private organizations. These resources include student and club activities funds that are held in trust for student, athletic, class, club activities, etc.; and other resources held in trust for a voluntary employee benefits program.

Nonmajor Discretely Presented Component Units

The component units columns in the basic financial statements include the financial data of the District's nonmajor discretely presented component units.

Choices in Learning, Inc., Galileo School for Gifted Learning, UCP Seminole Charter School, and Seminole Science Charter School (Charter Schools) are separate not-for-profit corporations organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 1002.33, Florida Statutes. The Charter Schools operate under a charter approved by their sponsor, the District School Board of Seminole County. In accordance with a ruling by and requirement of the Florida Department of Education, the Charter Schools are included as component units of the District. According to the Florida Department of Education, the Charter Schools are fiscally dependent on the District for their tax levy and the majority of their budget and create a financial burden on the District because the Charter Schools' full-time equivalent (FTE) student enrollment is the basis for the District to provide funding to the Charter Schools.

The Foundation for Seminole County Public Schools, Inc. (Foundation) is a not-for-profit corporation organized and operated as a direct-support organization under Section 1001.453, Florida Statutes, to raise funds; receive, hold, invest, and administer property; and to make expenditures for the benefit of the District. Section 1001.453, Florida Statutes, requires the Foundation to be authorized and approved by the District. Because of the nature and significance of its relationship with the District, the Foundation is considered a component unit. The Foundation has its own staff and does not provide services entirely or nearly entirely to the District and, therefore, is discretely presented, rather than blended.

STATISTICAL SECTION (UNAUDITED):

Statistical schedules differ from financial statements because they usually cover more than one fiscal year and may present non-accounting data. These schedules reflect social data, economic data, and financial trends of the District School Board of Seminole County, Florida.

SEMINOLE COUNTY
PUBLIC SCHOOLS

This page was intentionally left blank.

Statistical Schedules

This part of the District School Board of Seminole County, Florida's Comprehensive Annual Financial Report presents detail information as a context for understanding what the information in the financial statements, notes disclosures and required supplementary information says about the School Board's overall financial health. Below is a summary of the components and purpose for the tables provided herein.

Contents	Pages
Financial Trend Information	150 – 171
These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	
Revenue Capacity Information	172 – 177
These schedules contain information to help the reader assess the District's most significant local revenue source, property taxes.	
Debt Capacity Information	178 – 183
These schedules present information to help the reader assess the affordability of the District's current level of outstanding debt and the District's ability to issue additional debt in the future.	
Demographic and Economic Information	184 – 185
These schedules contain demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	
Operating Information	186 – 193
These schedules contain service data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Notes:

- (1) During the fiscal year ended June 30, 2013, implementation of GASB Statement Nos. 63 and 65 resulted in adjustments to beginning net position. Periods previous to that fiscal year have not been adjusted for these changes.
- (2) During the fiscal year ended June 30, 2014, net position for governmental activities was restated due to changes in accounting principles and prior period adjustments. Periods prior to June 30, 2014, have not been adjusted for these changes.
- (3) During the fiscal year ended June 30, 2015, implementation of GASB Statement No. 68 resulted in adjustments to beginning net position. Periods previous to that fiscal year have not been adjusted for these changes.
- (4) During the fiscal year ended June 30, 2017, unspent proceeds of \$45,473,925 from the COP 2016C debt issue were included in net investment in capital assets. Net investment in capital assets was restated and offset with restricted fund balance to show the correct balance for the unspent proceeds.
- (5) During the fiscal year ended June 30, 2018, implementation of GASB Statement No. 75 and an immaterial FRS actuarial error related to employer contributions subsequent to the measurement date resulted in adjustments to beginning net position. Periods previous to that fiscal year have not been adjusted for these changes.

Notes:

- (1) During the fiscal year ended June 30, 2013, implementation of GASB Statement Nos. 63 and 65 resulted in adjustments to beginning net position. Periods previous to that fiscal year have not been adjusted for these changes.
- (2) In fiscal years ending prior to June 30, 2014, class size reduction funding was presented as an operating contribution to instruction. Pursuant to State Statute, this amount is not restricted to this function, and has been restated to be reported as other
- (3) During the fiscal year ended June 30, 2014, net position for governmental activities was restated due to changes in accounting principles and prior period adjustments. Periods prior to June 30, 2014, have not been adjusted for these changes.
- (4) During the fiscal year ended June 30, 2015, implementation of GASB Statement No. 68 resulted in adjustments to beginning net position. Periods previous to that fiscal year have not been adjusted for these changes.
- (5) In fiscal years ending prior to June 30, 2015, federal grant related revenues were presented as a general revenue to the District. The District previously determined this was the correct manner to report federal grants because federal revenues were not restricted to a certain function. GASB Implementation Guide Question 7.34.3 clarified that, while federal grant revenues are not restricted by function, they are restricted to specific programs, and should be reported as operating grants program revenues. For the fiscal year ending June 30, 2015, all federal revenues have been reclassified to be operating grant program revenues to the functions to which they relate. All prior periods presented also have been restated to report amounts of federal grant revenues as operating grant program revenues.
- (6) During the fiscal year ended June 30, 2018, implementation of GASB Statement No. 75 and an immaterial FRS actuarial error related to employer contributions subsequent to the measurement date resulted in adjustments to beginning net position. Periods previous to that fiscal year have not been adjusted for these changes.

Notes:

- (1) The District implemented GASB Statement No. 54 for the fiscal year ended June 30, 2010. The fund balances from the prior fiscal years were restated as to their classification for comparison purposes.
- (2) During the fiscal year ended June 30, 2014, both general and other governmental fund balances were restated due to prior period adjustments. Periods prior to June 30, 2014, have not been adjusted for these changes.

Notes:

(1) The sales tax shown for fiscal years 2008-09 through 2012-13 started on January 1, 2002. Under the interlocal agreement, the District received 25 percent of the collections over a 10-year period. For the first three years (January 1, 2002 - December 31, 2004), the District received 45 percent, then 25 percent the next four years (January 1, 2005 - December 31, 2008), and then 4 percent for the final three years (January 1, 2009 - December 31, 2011). Sales tax collections ended on January 1, 2012.

The sales tax shown for the fiscal years 2014-15 and forward started on January 1, 2015. Under an interlocal agreement with Seminole County, FL, the District receives 25 percent of the collections over a 10 year period in even percentages (25 percent per year of sales tax collected).

Notes:

- (1) For fiscal year ended June 30, 2017, the additional operational voter-approved millage that was approved by voters in 2012 for a four-year period, pursuant to State Statutes, ended. The rate levied for the additional voter-approved millage was variable, up to a maximum of one mill, subject to approval by the District Board. The rate levied over the four years ranged from 0.7 to 1.0 mill.

Source: Seminole County Tax Collector

Notes:

- (1) Net of allowable discounts
- (2) Property Taxes become due and payable on November 1 of each year. A four percent discount is allowed if taxes are paid in November, with the discounts declining by one percent each month thereafter. Accordingly, taxes collected will never be one hundred percent of the tax levy. Taxes become delinquent on April 1 of each year and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1 of each year. Accordingly, majority of taxes are collected in the fiscal year levied, as current year tax certificates are included in current tax collections.

Note:

(1) Overlapping debt is that of local governments and Seminole County which apply to property owners within the County. Not all overlapping debt applies to all county property owners. The municipality rates apply only to the property owners in each of the county's seven cities. This estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents of the county. This process recognizes that, when considering the county's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and therefore responsible for repaying the debt, of each overlapping government. The municipalities listed above are 100% within the boundary of the Seminole County and the School District.

2008-09	34,228,258	23,960,915	0.737 Mills

Sources: Seminole County Tax Collector, District records

Notes:

- (1) Millage rate calculated using ninety-five percent of the taxable assessed valuation prior to the 2010-11 fiscal year and ninety-six percent after the 2009-10 fiscal year.
- (2) Capital lease arrangements financed by Certificates of Participation are not considered general obligation debt, as no specific property tax levy has been pledged.

Sources:

(1) Population was obtained from the United States Department of Commerce, Bureau of Economic Analysis for the 2008-09 through 2016-17 and was estimated for the 2017-18 fiscal years based on the previous fiscal years Statewide growth rate between 2016 and 2017. Due to revision by the Bureau of Economic Analysis, Population, Personal Income and Per Capita Personal Income were restated for all prior fiscal years.

(2) Unemployment Rates are the average monthly rate for the fiscal year and were obtained from the Us Department of Labor, Bureau of labor Statistics and Florida Research and Economic Information Database.

(3) District records

Note:

(4) Calculated by dividing government-wide governmental activities expenses by student enrollment

Notes:

- (1) For the 2009-10 and 2010-11 fiscal years, American Recovery and Reinvestment Act funds were included on this schedule; however, the funds were reported in a separate Special Revenue fund. These funds were used to replace State FEFP funds and other revenues from the State usually accounted for in the General Fund.
- (2) The method of calculating Full-Time Equivalent (FTE) enrollment changed starting in the 2013-14 fiscal year to establish a maximum of one FTE and to prorate student enrollment in excess of one FTE between the school district, community college, and virtual school attendance.
- (3) For fiscal year ended June 30, 2017, the additional operational voter-approved millage that was approved by voters in 2012 for a four year period, pursuant to State Statutes, ended. The rate levied for the additional voter-approved millage was variable, up to a maximum of one mill, subject to approval by the District Board. The rate levied over the four years ranged from 0.7 to 1.0 mill.

DISTRICT SCHOOL BOARD OF SEMINOLE COUNTY, FLORIDA
Notes to the Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2018

1. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the Federal award activity of the Seminole County District School Board under programs of the Federal government for the fiscal year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, or changes in net position.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following, either the cost principles of Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. Indirect Cost Rate

The District has not elected to use the 10 percent de minimis cost rate allowed under the Uniform Guidance.

4. Noncash Assistance

(a) National School Lunch Program – Includes \$949,776 of donated food received during the fiscal year. Donated foods are valued at fair value as determined at the time of donation.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Chairman and Members of
The District School Board of Seminole County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District School Board of Seminole County, Florida (the “District”) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements and have issued our report thereon dated November 1, 2018. Our report includes a reference to other auditors who audited the financial statements of the discretely presented component units, as described in our report on the District’s financial statements. This report does not include the results of the other auditors’ testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the District’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.800, *Rules of the Auditor General*, we reported certain matters to management of the District in a separate management letter and Independent Accountant's Report dated November 1, 2018.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE AND REPORT ON THE SCHEDULE OF EXPENDITURES OF
FEDERAL AWARDS IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

Chairman and Members of
The District School Board of Seminole County, Florida

Report on Compliance for Each Major Federal Program

We have audited the compliance of the District School Board of Seminole County, Florida (the "District") with the types of compliance requirements described in the U.S. Office of Management and Budget ("OMB") *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2018. The District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the basic financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated November 1, 2018, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. Our report on the basic financial statements included disclosures regarding our reference to the reports of other auditors. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis, as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance (Cont.)

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

INDEPENDENT ACCOUNTANT'S REPORT

Chairman and Members of
The District School Board of Seminole County, Florida

We have examined the District School Board of Seminole County, Florida's (the "District") compliance with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended June 30, 2018. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied with those requirements. An examination involves performing procedures to obtain evidence about the District's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended June 30, 2018.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Chairman and Members of
The District School Board of Seminole County, Florida

Report on Financial Statements

We have audited the financial statements of the District School Board of Seminole County, Florida (the "District") as of and for the year ended June 30, 2018, and have issued our report thereon dated November 1, 2018.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"); and Chapter 10.800, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control over Compliance and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance, Schedule of Findings and Questioned Costs, and our Independent Accountant's Report in accordance with the provisions of Chapter 10.800, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated November 1, 2018, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.804(1)(f)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial report. There were no recommendations made in the preceding annual financial report.

Financial Condition and Management

Section 10.804(1)(f)2., *Rules of the Auditor General*, requires us to communicate whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Financial Condition and Management (Cont.)

Pursuant to Sections 10.804(1)(f)5a. and 10.805(7), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by the same.

Section 10.804(1)(f)3., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Transparency

Section 10.804(1)(f)6., *Rules of the Auditor General*, requires the that we report the results of our determination as to whether the District maintains on its website the information specified in Section 1011.035, Florida Statutes. In connection with our audit, we determined that the District maintained on its website the information specified in Section 1011.035, Florida Statutes.

Additional Matters

Section 10.804(1)(f)4., *Rules of the Auditor General*, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In conjunction with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the District School Board members, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.

Seminole County Public Schools Educational Equity - Notice of Nondiscrimination

The Educational Equity Administrator for Seminole County Public Schools has the responsibility of assuring compliance with the educational equity requirements by providing technical expertise, monitoring activities or programs related to compliance, and responding to equity complaints. One of the responsibilities is to administer the Educational Equity Complaint/Grievance Procedures as adopted by the School Board.

It is the policy of the School Board of Seminole County, Florida, that no employee, student, or applicant shall - on the basis of race, color, national origin, sex, disability, marital status, age, religion, or any other basis prohibited by law - be excluded from participating in, be denied the benefits of, or be subjected to discrimination and harassment under any educational programs, activities, or in any employment conditions, policies, or practices conducted by the District. Additionally, the School Board of Seminole County provides equal access to public school facilities for the Boy Scouts of America and other designated youth groups as required by 34 C.F.R. 108.6.

Every employee, student, or applicant for employment at Seminole County Public Schools has a solemn right to be treated fairly, equally, equitably, and with dignity. If for any reason you - the employee, student, or applicant for employment - find that you have been victimized by acts of discrimination and or harassment, whether intentional or unintentional, you are strongly encouraged to file an Educational Equity Complaint or Grievance with the Educational Equity Administrator, or any county or school-level administrator. All such complaints must be immediately forwarded to the Educational Equity Administrator for dissemination, action, and resolution. Forward to: SCPS Educational Equity Administrator, Seminole County Public Schools, Educational Support Center, 400 E. Lake Mary Blvd., Sanford, FL 32773-7127. **(407) 320-0198**.
